

Here's one of the times when a fellow feels thankful to the friend who sent him that pouch of Real Gravelly.

Send Him a pouch of Real GRAVELLY Chewing Plug

Real Gravelly Chewing Plug—there's the soldier's tobacco, that he can use anywhere, anytime. Just a small chew of Real Gravelly is enough—all good tobacco, rich, sappy leaf made the Gravelly way, not loaded up with heavy sweetening like ordinary plug.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or Hospital of the U. S. A. Even "over there" a 3c stamp will take it to him. Your dealer will supply coupons and give you official directions how to address it.

abnormal and defective and the best means of securing quick relief and permanent correction.

War activities have thrown an additional burden and strain upon the feet of practically every man, woman and child in America today and as a result there are more broken down and defective feet than ever before. This is a condition which must be overcome if we are to give our best efforts in winning the war. For these reasons Foot Comfort Week this year comes at a most opportune time and the shoe dealers who are assisting in this work are doing a patriotic duty and rendering their community a distinct service.

At the store of the McDowell Shoe Company of Albany big preparations have been made to provide all persons of this community with a most efficient Foot Comfort Service. For this purpose there will be in attendance a Graduate Practitioner—a foot specialist who has been specially trained in the Dr. Scholl method of foot comfort and he will be pleased to examine all feet free of charge and advise the proper methods to pursue to secure relief and the proper correction. In order to commemorate this national event, a very artistic and appropriate window display has been made which no one should fail to inspect. Henry Ainley plays the part of Philip in The Manx-Man.

THIS MEANS YOU

You are most cordially invited to attend an ice cream social and program for the benefit of the Red Cross at the home of E. J. Knapp, corner of Orchard and Lebanon Roads, at 7:30 p. m. next Saturday evening, June 22. Just a nice after-supper drive. Bring all your friends.

THIS IS FOOT COMFORT WEEK AT McDOWELL'S

Army surgeons in examining the feet of more than a million men astonished the world when it was announced that about 75 per cent of the feet of grown people are defective or abnormal. Many of these men were disqualified for military service on account of this physical defect.

Foot Comfort Week, which will be celebrated throughout the length and breadth of the land during the week of June 17 to 22, is intended to put the feet of America in first class fighting trim; a concerted drive to eliminate all classes of foot troubles. During that week practically every first class shoe and department store in the United States and Canada will make special efforts to relieve the public of callouses, broken down arches, weak foot, flat foot, etc., through the well-known method of foot correction originated by Dr. Wm. M. Scholl, the recognized foot authority. As most people are aware Dr. Scholl has devoted a lifetime to studying the construction of the foot, how it becomes

REAL INDIAN PRAYER STICKS IN "MAN ABOVE THE LAW"

Some wonderful mountain scenery was obtained in the Sierras by Director Raymond Wells for his latest Triangle picture, "Man Above the Law," depicting life with the Navajo Indians, in which many of the tribe's weird customs and creeds are shown.

In filming this picture the company

worked near Chatworth Park, Cal., and on the top of a huge rock Natchah, the Indian squaw in "Man Above the Law," launched her prayer sticks to see what the gods willed in the case of the white missionary who was stealing her man. These prayer sticks were made under the supervision of a Navajo chief, who also assisted in building the hogans, or mud huts, which form the Navajo's home.

CLOTHCRAFT CLOTHES

You Will Wonder How We Do It

There are more men than women who buy their clothes on LOOKS ONLY, forgetting the importance of honest values in fabric and workmanship.

If a man likes the cut or color of a garment he won't, as a rule, ask anything further about it. This gives the dishonest or careless merchant many a chance to "put something over."

Men ought to learn more about fabrics, linings, threads, buttons and sewing. They ought to look more carefully at these things when they're buying clothes. If they don't know and think they haven't time to learn, they ought to be doubly careful in selecting the merchant who gets their trade.

A number of our very good customers who have taken the trouble to inform themselves on clothing values, have examined carefully our Clothcraft Line for men and young men, and their usual remark is this—"I DON'T SEE HOW YOU DO IT AT THE PRICE, ESPECIALLY IN THESE WAR TIMES!"
