DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet
and fresh inside, and
are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

"EMPEY ONE OF THE GREATEST ACTORS" SAYS FILM PRESIDENT

"Sergeant Arthur Guy Empey is one of the greatest natural actors ever to come under my supervision," states Albert E. Smith, president of the Vitagraph company and producer of "Over the Top," starring Empey, which will be presented three days beginning Sunday at the Rolfe Theatre.

This is a significant tribute to the fighting hero of the Somme, for Albert E. Smith is noted as a maker of stars, having introduced to the screen such present-day notabilities as Earle Williams, Harry Morey, Anita Stewart, the Sidney Drews, Clara Kimball Young and innumerable others.

In reply to Mr. Smith's statement, Sergeant Empey merely smiled and said, "The trenches do funny things to a man. A puppy dog might go into them and come out a poet. I don't know what acting is. When I go before the camera, I forget the director, the camera man and the studio. As practically all the scenes of the play are actual episodes I have experienced,

the thing is easy for me. I simply live them over again—and get the same thrills I did originally. Sometimes I get too realistic, as when I knocked down two 'German' guards. That's what a fellow would naturally do if he could, wouldn't he?"

J. STUART BLACKTON'S WORLD FOR SALE

"I have devoted 20 years of my life to the art of motion pictures," he said recently, "and I am beginning to learn how little anyone knows of its marvelous possibilities."

Mr. Blackton's second production for Paramount is no other than Sir Gilbert Parker's well-known novel, "The World for Sale." Sir Gilbert Parker is a personal friend of Mr. Blackton's and has given him the motion picture rights to all of his productions, including "Wild Youth," "Judgment House" and "The World for Sale," which is to be shown today and Thursday at the Globe Theatre.

From his home, Greeba Castle, Isle of Man, Hall Caine wrote to George Loane Tucker, after seeing the latter's

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you
Darken Gray, Faded Hair
with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
