Tangelo, Brand New Fruit, Is Produced by Department

A new type of fruit which has been named the tangelo has been produced by the bureau of plant industry through a cross between the tangerine orange and the grapefruit or pomelo. As a class the tangelos resemble round oranges more than either of their parents and are exceedingly variable. Two well recognized varieties have been thoroughly tested and have been distributed to cooperators for further trial. The tangelo has little acidity and resembles a tender and good-flavored orange more than a grapefruit or tangerine.

EMPEY'S MESSAGE TO BOYS WHO WILL GO OVER THE TOP

Sammy, old boy, remember that you are going over to France to lick hell out of Germany. You can do it, too. Just give old Kaiser Bill and his "wonderful efficiency staff" such a Yankee wallop that there won't be enough gas left to fill the envelope of one of his baby-killing gasbags called Zeppelins. Sammy, you've never been licked yet and you are getting too old to learn new habits. The old folks at home are proudly watching you, so get busy and make this little old world sit up and take notice. ARTHUR GUY EMPEY. "Over the Top," in which Sergeant Empey himself appears as the star, will be shown at The Rolfe Theater three days beginning Sunday.

SINKING OF TRANSPORT

(Continued from Page 1.)

The office, looking seaward, marveling over the grace and dignity of the way the Lincoln held her course; how independently the big six-master seaman-ster cut the water. She was the biggest ship in the convoy and consequently the topic for conversation. Amidst all the flattering remarks, a loud crash was heard and a spout of water shot up alongside of the Lincoln, almost as high as the top of the mainmast. In my excitement, I shouted out at the top of my voice, "The Lincoln has been torpedoed," and before I could turn around another torpedo struck her at about the after well deck. She immediately began to settle into the water with a slight list to port. She was only a few hundred yards from us, so we could see the whole performance. The general alarm gong, siren and bugle sounded "All hands abandon ship" and a rush for lifeboats followed.

The stricken transport sank in about 31 minutes from the time of the first shot, so she was well in sight when she went down. It certainly was a sickening sight to see her swallowed up by the tide, with men scrambling for lifeboats and jumping over the side for dear life. She went down not in shame but deserves all honors possible, her flag was flying and all guns were firing broadside after broadside of shot and shell. Her stern went down first, then a slight pause and a quiver and she sank never to be seen again. It is thought that a great many of the crew were lost, as they were firing the guns two minutes before she was seen no more. To be an eyewitness of an affair like that doesn't heighten one's estimation of the Kaiser and his gang of murderers, believe me. The Lincoln has been our sidekick for four trips. It is hard to realize that a few hours ago she was steaming alongside, but

If the Huns Were Marching on Albany

How much of your money would you lend to our Government to prevent your mother and father from being shot down like dogs?

What would it be worth to you to preserve the honor of your daughter?

How much bid to prevent that lovely infant from dangling on the point of a German bayonet?

You would knock down the man who dared suggest that you measure such things in terms of money.

Then how happy we ought to be to think that a little of our money, LOANED to our Government, will hasten the end of this awfulness.

Can you think of a cheaper price to pay than mere money?

JACK PICKFORD SHOWS HOW YOUNG MAN CAN SERVE HIS COUNTRY AT HOME TODAY

The picture at the Globe Theater today is Jack Pickford's latest Paramount offering, "The Spirit of '17," in which the clever young star portrays Davy Glidden, a patriotic youngster of the Middle West who with the help of a number of war-time veterans of the Civil War, saves his town from German spies who attempt to blow up a mine and who also have incited a strike. The production is an interesting one in photoplay history and one of the best the clever young star has done in some time. It was written by Judge Willis Brown of the Chicago juvenile court and arranged for the screen by Julia Crawford Ivers. The director, William D. Taylor, has spared no pains in presenting the photoplay and the photography, settings, lighting and other requirements are fully up to the Paramount standards.

is now resting on the bottom of the briny deep. We have had no report of casualties as yet, but it is more than likely out in the states by now. Since then our crew has certainly been on the alert. Three times we have sighted the periscope of the Kaiser's tin fish, and each time she got a hearty shower of lead. We've been standing by with braced feet to meet the explosion ever since, with everything rigged to go over the side at any minute. It has been an exciting trip.

no fooling. Today sees us several hours from the scene of battle, so feel quite safe by now. Have devised a new way of writing letters, making three copies of this, one for mother, Bertha and Adolph. When I get through writing three separate letters they all amount to the same thing, anyway. Will close this, wishing you all best of luck, with love.
