One of the week's gayest affairs was the picnicking party of Thursday evening when a group of young people motored to "The Cliff" near Jefferson and spent a jolly evening. Miss Annette Weatherford was the honor guest of this affair. The crowd was chaperoned by Miss Velma Davis and Henry Volstendt. Those who were present to spend the enjoyable evening were the Misses Irne Barrett, Ethel Bussard, Nathiel Donaca, Marceil Austin, Kamilla Kroschel, Annette Weatherford, Amna Hoflich, Dorothy Lee and Veryn Hale and Harold Irvine, Clair Hunt, Arthur Bemis, James Sears, Charles Pfeiffer, Marion Boetticher, Robert Boetticher, Kenneth Carter and Royal Archibald.

A very charming affair was the musicale given as a Red Cross benefit by Prof. and Mrs. C. H. Palmer Wednesday evening at their home. A splendid program was given by the pupils, in which talent and efficient training were displayed.

The veranda was most attractively adorned with trailing vines, hanging baskets of wild flowers of many hues and Japanese lanterns. Tall vogue bouquets and baskets of blossoms prettily bedecked the rooms where the program took place. About 65 guests enjoyed this delightful affair.

Perfect in every appointment and prettily arranged was the luncheon presided over Thursday noo nby Mrs. O. D. Austin, in compliment to Mr. and Mrs. George Youell and family. The daintily-arranged table appointments were completed with sweetpeas and fernery.

Mr. Youell is president of the Pacific Fruit Produce company and with his family is touring the coast on an inspection trip.

Another one of the delightful Red Cross benefit barn dances took place this week on Wednesday night at the Anderson farm. The jolly evening was spent in dancing and a good crowd attended. Orchestra music was furnished for the dancers and punch sold during the evening.

Several little guests were pleasantly entertained this week on Thursday afternoon at the A. B. Coates home when the nineth birthday of Miss Margaret Coates was celebrated with a birthday party. Games on the lawn and a dainty lunch were features of the afternoon to make an enjoable time.

A picnic was the occasion enjoyed Tuesday by the members of the First Presbyterian church and Sunday school. The crowd spent the afternoon and evening in Bryants' Park where games, contests, races and swimming made the hours pass in a jolly way. A sumptuous supper was served Cafeteria style, after the social afternoon.

Mrs. O. D. Austin was hostess this week to the Ladies' Missionary society of the First Presbyterian church, when the held an interesting meeting on Wednesday afternoon. Several excellent talks were given by Mrs. W. Worrell, Mrs. Mary Irvine, Mrs. Lee and Mrs. F. Fortmiller. Mrs. Harry B. Cusick gave a vocal solo, as part of the afternoon's program.

The Sunday school class of boys of the Christian church for which Miss Louise Nimmo is teacher, enjoyed a picnic on the bank of the Willamette Tuesday. Swimming was one of the main diversions of the early evening, followed by a delicious picnic feed.

Master Eugene Cusick entertained several friends on Saturday afternoon of last week, when he celebrated his eighth birthday with a little party. The usual gay diversions, games and refreshments were enjoyed by the guests present.

SHE'S A SCREEN TRAVELER

Miss Brockwell's Dramas Laid in All Parts of World

If the distance she has traveled on the screen in her last few photoplays is any criterion, Gladys Brockwell, the William Fox star, bids fair to revise Jules Verne's "Around the World in Ninety Days" to "Around the World in Twenty Films." The scenes of Miss Brockwell's newest production, "The Moral Law," at the Rolfe Theater on Sunday are laid in the United States and South America. A large part of "For Liberty," in which Miss Brockwell starred before "The Moral Law" was made, had Germany as its locale.

Mexico was the scene of most of "A Branded Soul," another recent Gladys Brockwell drama, and there were several shots of Rome, Italy. "Conscience" sent Miss Brockwell cruising in Atlantic waters after two remarkable scenes filmed in Heaven and Hell.

You can judge for yourself how far Miss Brockwell has traveled.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

FINE NEW COMEDY AT GLOBE THEATER TONIGHT

Wholesome laughter is a greater health specific than anything produced by medical science since the days when Harvey discovered the secret of blood circulation. It is the mission of the Paramount-Mack Sennett comedies to provide this specific, and that they have succeeded in their task is amply proved by "Friend Husband," which is to be presented at the Globe Theater tonight.

This mirth-provoking creation of pristine quality tells of the efforts of a childless father to gain $10,000 which his crabbed uncle has offered to give him provided he has a child in the family. The uncle decides to come on a tour of inspection, and numerous embarrassing situations, in which husband, wife, friend, dog and cat take part, ensue in rapid succession. The comedy is an excellent one and well worth seeing by old and young alike.

BEST IN THE LONG RUN — FAIR TREATMENT

When War Invaded The Air

THE eyes of the army were first set in the sky when the French Revolutionary forces, using the first war balloon, won the battle of Fleurus, 1794.

It was a Montgolfier balloon, the type the Montgolfier brothers developed from Cavallo's crude experiments in 1766 with hydrogen-filled pig bladders.

Goodrich follows the flag into the sky.

One hundred and twenty-five years after the first war balloon, the battles of the air find not only Goodrich Dirigibles and Montgolfier balloons in the thick of it, but also—
