Language of Guns Understood by Huns

PITTSBURG, July 5.—(U. P.)—"Germany understands only one language, that coming from the mouths of guns," Secretary Lane told the National Educational association members here today. "We shall speak that language until Germany repents."

Our Reputation

A man cannot gain a good reputation and hold it unless he lives up to it. It's the same way with merchandise. Advertising helps a good article to gain a reputation, but only the quality of the article can hold that reputation. The reason so many of our customers buy all of their shoes from us is because they give absolute satisfaction. The shoes that are building a constantly-growing business are very good shoes for you to know about in these days of uncertainties.

KNOX BUTTE ITEMS

KNOX BUTTE, June 3.—(Special)—Mr. and Mrs. Frank Chambers, Mr. and Mrs. Elmer Propst and Mr. and Mrs. Carl Miller spent Sunday at Waterloo and also attended the Sunday school rally there.

Mr. and Mrs. James Mills and Mrs. Carrie Rockwell took an outing at Newport last week. Mr. and Mrs. C. Mills of Albany took charge of the farm while they were gone.

Mr. and Mrs. Wm. Grier of Stayton Mr. and Mrs. Ed Hayne and daughter Edith of Mill City and Aletha Sullivan of Molalla visited Sunday at the A. J. Caldwell home.

Verl Miller, who has been conducting the Farmers' Feed shed in Albany, has sold out there and is moving this week to the Miller farm.

A union Sunday school rally will be held at Knox Butte Sunday, July 7. The Chambers Grove, near Knox Butte school house, has been secured for the services.

Hay harvesting is the chief occupation in this vicinity at present. The women are making good in the hayfields. Cherries are plentiful and of excellent quality, loganberries not so plentiful but good, and some fine wild blackberries are being found here.

LIGHT FROST SINGS SPUDS IN EASTERN LINN COUNTY

MT. PLEASANT, July 5.—(Special)—A light frost two mornings ago scoured potato tops in spots near here, Stayton, Seio and Jordan. No real damage was done. A frost so late, however, is a rarity.

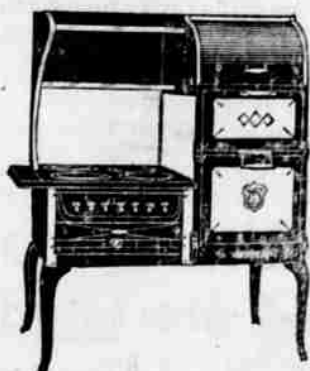

HEADACHE is one of the greatest annoyances to civilized mankind. Fifty-six per cent of all headaches are the result of a refractive error.

When you take medicine for these headaches you injure your general system without permanent relief.

Remove the cause with proper glasses and you remove the effect.

This Electric Range Will Save Coal for Uncle Sam and Time and Labor for You

Careful tests have shown that 252.7 pounds of coal are required by a central station to supply a family with cooking current equivalent to 800 pounds of coal consumed in a solid fuel range. An electric range will do your cooking better and save on your food bill. The elimination of the fuel and ash problem saves a world of time and labor. Arrange to install an electric range in your home today.

Malaria in England.

Malaria was once common in certain parts of England, but as a result of drainage and the use of quinine, it was completely stamped out, notwithstanding the fact that anopheline mosquitoes remain in the country. The parasite cycle was broken, and the insect was no longer infected. Now comes the report of a recrudescence of indigenous malaria in England. According to a circular issued by the local government board, many men have contracted the disease while fighting on the eastern war fronts, and have brought it home with them; thus they serve as foci of infection for the civilian population. Measures are being taken to deal with the carrier mosquitoes.

Air-Raid Signs.

Londoners can tell by looking at the night sky whether to expect Gotha raids or whether to go comfortably to bed. If the moon shines and the night is clear he studies the clouds. Should they be at some height racing from the east it is safe to assume that the Gothas will not come, for they cannot make progress against a west wind, which holds them back from the British shore. If, however, the clouds are flying from the west the Londoner prepares for a lively evening.

Goes on Vacation—

Dr. Bridgewater left last night for Eastern Oregon, where he will take a three weeks' vacation. He expects to return about August 1st.

DOROTHY DALTON AT GLOBE

At the Globe Theater today and Saturday, the star will be Dorothy Dalton, whose dimples are fast becoming as well known as "Kitty Gordon's back" and who, through the medium of Paramount pictures is blazoning her way to fame. The picture "Flare-Up Sal" was written by J. G. Hawks and directed under personal supervision of Thomas H. Ince himself. Miss Dalton's role is that of a winsome, somewhat hoydenish orphan in the early '50s in California, who fights through life with head high and elbows out.

Lebanon Swimming Pool Is Proving Big Success

LEBANON, July 5.—(Special)—That the swimming pool is the most popular place in Lebanon is evident from the attendance at the opening of the pool, under the management of the Women's Civic club. The caretaker also started his summer's work the same day.

A picnic supper was enjoyed by a large number of people, and a general good time was had. The grounds have been cleared up and many improvements have been made this season.
