Join the "Better Feet" Movement

Among the many lessons we people at home have learned from the national military activities, one of the most essential is the care of the feet. There has been a widespread movement for better feet that promises to benefit the country as a whole.

Particularly at this time of the year, foot comfort makes for better health. It allows long walks without tiring; it permits wearing of handsome shoes without suffering; and it encourages the ownership of several pairs of shoes.

To play his part in such a movement, the shoe merchant must offer the public footwear that is comfortable to the highest degree. This necessitates not only an assortment of styles but widths as well.

We carry women's shoes in widths from AAA to EEE. Men's from AA to EE. Children's, B to EE. Enlist now at—

NEWS NOTES OF INTEREST FROM LYONS AND VICINITY

LYONS, July 10.—(Special to the Democrat)—W. F. Harrison and family expect to move to Portland in the near future, where Mr. Harrison has secured employment.

Mr. and Mrs. L. Bennett of Salem spent the week-end with friends near Lyons.

F. A. Marriels is quite ill at his home as a result of an auto accident last Saturday evening, when the car he was driving became uncontrollable and turned over twice, pinning Mr. Marriels beneath and bruising him quite severely. It is hoped that he has not sustained internal injuries and that he will be out again soon.

Among those participating in the celebration program on the Fourth were the following:

Prayer by Mrs. Porter, Salem.

Address of Welcome by Henry Mercer, Lyons.

Address, Walter L. Toole, Salem.

Song Trio—My Dream of the U. S. A., by D. Watterman, Eugene Canning, J. H. Johnston, Lyons.

Song, Russell King and Elmer Taylor, Meham.

Declaration of Independence, Miss Hazel Phillips.

Song, duet by Miss Wilma Ware and Margaret Scharfer, Stayton.

Recitation, "The Beautiful Santiam" Old Glory, by Mrs. Porter, Salem.

Solo, God Be With Our Boys Tonight, Mrs. E. E. Trask.

Talk by W. H. Downing of Stayton.

HEADACHE is one of the greatest annoyances to civilized mankind. Fifty-six per cent of all headaches are the result of a refractive error.

When you take medicine for these headaches you injure your general system without permanent relief.

Remove the cause with proper glasses and you remove the effect.

E. C. MEADE
Optometrist

Song, Mrs. J. W. Mayo, Stayton. Recitation, Hilda Trask, Stayton. Original poem, Mrs. Raleigh Champ, Meham.

Song, Mrs. Doefler, Silverton. America, by Alma Philippi, Kingston.

Recitation by Bobbie Shire. Song, Maxine Berry, "Thanks to All."

J. A. Siddall was chairman of the day.

It was very kind and generous of Mr. Thomson, agent for the Overland Car Co., in Salem, to furnish a new car and chauffeur to bring Mr. Toole to Meham the Fourth, that the people from far and near might have the pleasure of hearing him talk, as a man who has three sons in France and who can speak from reality and is indeed a very interesting talker.

BONE DRY WIN VICTORY IN SENATE

WASHINGTON, July 11.—The drys won a signal victory when the senate by a vote of 36 to 33 reversed the chair's ruling whereby the prohibition amendment would have been removed from the food stimulation bill. It is believed the amendment will win.

ALIENS

There are enemy aliens and there are native aliens. The American who does not do his part toward winning the war, who neither fights nor works

nor lends for victory, is as much an alien to America's purposes and America's cause as the rankest Prussian interned in this country.

This is a war of peoples as well as of nations, and each individual has a place and a duty.

Advertising Momentum

Many institutions expect advertising to perform miracles, to rehabilitate a depleted list of customers in a few weeks or harvest a golden crop of dollars. Advertising is not based on wizardry any more than on quackery. Its results are cumulative.

There are no miracles in advertising, but money so invested, if invested properly and the opportunities thus created properly followed, will yield handsome returns.

An inquiry from a prospect who has never transacted business with your organization is the most vital and the most potent factor in the success of your business. That inquiry represents growth, development new business, —and new inquiries are worth attention, study and care—the full measure of your service. The aggressive and consistent advertiser whose educational publicity attracts, will find that the business has acquired a new momentum, the effect of which will be apparent in succeeding years.
