PROF. O. V. WHITE WILL LEAVE SOON

Prof. O. V. White, who has been teaching in Linn county for a number of years, has accepted the position of superintendent of the Tillamook city schools for the next year.

They will soon move to their new home. Prof. White has been principal of Brownville schools for the past year.

The Tillamook schools rank very high in the state.

WHAT YOU SHOULD KNOW ABOUT THE SONG OF SONGS

The photoplay is adapted by Charles Maigne from the stage play by Edw. Sheldon. It's a sociological drama and when presented on the speaking stage caused a sensation. The film version is a decided elaboration.

Elsie Ferguson, the star, is one of the most beautiful women in the world and has been acclaimed by critics as America's most accomplished actress. Joseph Kaufman, who has been responsible for many notable productions on the Paramount program, directed this photoplay. He has been particularly successful with plays of a similar theme and in "The Song of Songs" both star and director have a subject in which they have proven their superiority.

Miss Ferguson's costumes will appeal particularly to the feminine portion of the audience.

Sumptuous setting, an excellent cast, a great stage and screen star, a talented director and a play of exceptional merit make "The Song of Songs" an extraordinary production. It is today and Thursday at the Globe Theater.

Fireman's Bravery Lauded.
John Harvey Stacks, fireman, third class, United States navy, has been commended for courage displayed during a fire on board a patrol boat. Stacks attached a line to himself and went down to help quench the flames, though the fire was then at its height and smoke and steam were pouring from the ventilator. Stacks enlisted Aug. 15, 1916, at Dallas, Tex.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Undergoes Operation—

Miss Tresia Horton of Alsea was brought to St. Mary's hospital a few days ago and underwent an operation for appendicitis.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Lives and bowel poisons, called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to aspirin, salicylate or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.
