PLOT TO RUIN SENATOR FRANKLIN FALLS THRU

The conspiracy was the work of Wall street schemers anxious to obtain inside information on the senator's views on a governmental project wherein the senator's voice is the deciding factor. Sensational circumstances attended the frustration of the plot. A woman, Miss Nan Barker, was the tool used by the speculator to obtain the secrets. And her efforts were successfully directed toward the corruption of Dabney Carter, Franklin's trusted private secretary.

The outcome of this case will be shown at the Rolfe Wednesday and Thursday.

Move to Save Wild Turkeys.

The prisoners in the state penitentiary of Washington run, among other things, a game bird farm. Until lately they have raised wild turkeys for the Thanksgiving dinner for the convicts.

The fact that wild turkeys have been killed in such numbers in the forests of the western part of the state that they have almost disappeared has caused the state game warden to decide to take up the business of raising them on a larger scale and flocks will hereafter be liberated each summer to populate the woods.

The wild turkeys are larger and harder than the domestic breeds, and the warden, whose name is L. R. Durwin, is experimenting with cross-breeds. He hopes to develop a bird that will be useful to poultrymen and yet be able to sustain itself in the woods.

Tommy Sized It Up.

Tom's kindergarten teacher took her class to see the chickens in the school yard. A homely brown hen was mothering a brood of fancy chickens hatched in an incubator. The aristocratic chicks had tufts of feathers on their heads. Tommy quickly noted the difference between hen and chicks and blurted out: "Pshaw, she can't be their mother." Then, after a moment's consideration, he added with an air of conviction: "Oh, I guess she's only the nurse-maid."

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

This Electric Range Will Save Coal for Uncle Sam and Time and Labor for You

Careful tests have shown that 262.7 pounds of coal are required by a central station to supply a family with cooking current equivalent to 800 pounds of coal consumed in a solid fuel range. An electric range will do your cooking better and save on your food bill. The elimination of the fuel and ash problem saves a world of time and labor. Arrange to install an electric range in your home today. A WHOLE YEAR TO PAY Telephone 15 for particulars.

CONSPIRACY TO SMUGGLE MUNITIONS IN MILK CANS

All of which sounds exceedingly interesting. But how much more so are these facts when we know that the irrepressible Douglas Fairbanks is behind and around all the mischief, raising the very devil with the conspirators. For "American Aristocracy," which will be shown at the Globe Theater tomorrow night, is the name of this thrilling Fairbanks' picture, as full of excitement and backneck thrills as an egg is of chicken.

The War Industries Board Says: Print Paper Must Be Conserved

The Democrat has on its list a considerable number of subscribers who receive the paper at points outside of Linn County. Under the new regulations the postage rates for newspapers to points outside of the county are doubled. The Democrat therefore finds that it will be financially unable to carry on its list any subscriber from such outside points who is not paid cash in advance and the names of such subscribers will be eliminated from the subscription list during the present month. The management suggests that you send in your check at once if you wish the paper continued
