

Diamond

GRAY AND RED TUBES

Let Us Put A Diamond Tube In Your Hands

WE invite you to come to our store for a test!

We want to put a Diamond Tube in your hands, have you feel the quality in it, try to stretch it, or give it any other test.

Then you'll understand why Diamond Tubes outwear cars, —not tires, cars. You can put a Diamond Tube under the seat or in your casing and it will hold its life for years.

Even if you get a puncture, it can be patched time and time again.

Put a Diamond Tube in a Diamond casing and you have the ideal tire equipment.

SOCIETY

BEATRICE SANDERS
Society Editor
Bell 481-J.

A dance will be given this evening by the Honor Guard girls at the Elks Hall. Special music will be furnished and a good crowd is expected to pass the evening in dancing.

For the pleasure of Mrs. Earl Fortmiller, who has been visiting in Albany for the past few weeks, Miss Mae Hallack was hostess to a theater party Friday evening. The crowd of girls passed an enjoyable evening at this time.

On Monday evening of this week a crowd of girls of the younger set enjoyed a picnic in Bryant's Park. A weini, roast and other picnicking diversions made the evening's time jolly.

In honor of Miss Hazel Phillips of Mill City, who is the guest of Miss Bessie Hoover, a crowd of girls enjoyed a picnicking party Wednesday evening on Bryant's Island. A delicious supper was served and later the crowd visited the movies.

A surprise party was the delightful affair of Friday evening, given by the girls of the Beta Gamma crowd, to celebrate the birthday of Miss Nina Bending. The home of Miss Aletha Cummings was the scene of this affair. Dainty Margarittes centered the attractive table where a delicious dinner was served. The remainder of the evening was spent in a social way.

Mrs. E. W. Langdon, who is the houseguest of Mrs. Edward D. Cusick,

has been the inspiration for several charming affairs, one of which was given in the attractive garden of the Cusick home Sunday morning. Covers were laid for eight guests at this affair.

On Friday afternoon Mrs. Edward D. Cusick presided at a delightfully informal luncheon at 1 o'clock. The garden with its manyhued blossoms made an effective setting for this affair. About ten guests enjoyed the luncheon and social afternoon passed in knitting.

A theater party was the occasion of Friday afternoon of this week, enjoyed by the members of the Neos Nymphs club. After the play, the crowd enjoyed refreshments at the Elks. Mrs. Alma Gilchrist, of California, and Miss Rita Bilyeu of Lebanon, were complimented guests.

A pleasant surprise party was tendered Mrs. W. A. Harvey, Friday afternoon, at her home on 726 South Hill street. A number of neighbors and friends gathered to celebrate the birthday of the honor guest in a pleasant way with fancy work and games. At the close of the afternoon a dainty lunch was served. About 20 guests were entertained.

The junior and primary departments enjoyed a picnic Thursday afternoon in Bryant's Park. The afternoon was filled with jolly diversions and games and later an elaborate picnic supper was served.

AMERICAN ACE TELLS OF AIR FIGHT

Battle in the Air with Germ Plane Is Described by Yankee War Bird

Copyright, 1918, By United Press
WITH THE AMERICAN AIRMEN, France, July 10.—By Mail.—"There's a certain German airman I'd like to meet after the war, if he lives and I do," said Lieutenant Eddie Rickenbacker, American ace and former automobile racer.

"If we meet in the states I'll buy him an icecream soda, and if it's in Germany, I'll expect him to buy us both beer. He flies number 16 in a certain German squadron. His machine is an observing and fighting type combined. For a German, he is an exceptional sport. We had four days' successive rendezvous together without result and it was real fighting all the time.

"The first morning I hopped into the car and went up to a pink tea, looking for anything in general and nothing in particular. I soon spotted No. 16 and he spotted me. We jockeyed for position, both of us trying to get the blind spot in front of the sun.

"Finally I got under his tail, after half an hour of maneuvering this way and that, and let him have it. The gun fired two shots and jammed. There was nothing to do but zoom off home, which I did.

"Next morning I went up at the same hour over the same spot.

"There was he in No. 16, escorted by two German fighting planes. He was higher than them but I was higher than they, so I jockeyed for position. Again the gun jammed and I fell into a vrille to get out of his

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of

range.

"When I zoomed away I got the gun working again and again jockeyed for position with Jerry, whose two fighters had been driven off by other Americans by now. He began shooting out of his belly at me and I zigzagged to dodge his bullets, which were whizzing by me.

"Then we began sailing around and kept it up for three-quarters of an hour, each trying to get a bead on the other. Finally I got in the blind spot and started down on him. Again my gun jammed and of course he had the edge on me.

"Instead of running, which would have been more dangerous, since he had the altitude after I dived past

him, I again jockeyed for position, though I knew my gun wouldn't shoot. I wanted to fox him and make him think I was still in the fight.

"It worked, for after a few minutes more of maneuvering, he decided it was enough for the day, since neither of us could get position. So he fired two shots wild as a goodbye, waved his hand at me and went home. It was a good thing for me, because my motor went cuckoo a minute later and I struggled home on a glide, barely making it over the lines.

"The boys had seen me come down and my mechanics were beginning to figure their eskimo wasn't coming back when I finally got in, traveling most of the way in an ambulance.

"Next morning I had to borrow a plane, since mine wasn't repaired yet. I went out looking for Heinle number 16. He was there at the given spot, but very, very high. I maneuvered for all I was worth but couldn't make my plane reach him. It was out of the question for I had one with two

The War Industries Board Says: Print Paper Must Be Conserved

The Democrat has on its list a considerable number of subscribers who receive the paper at points outside of Linn County. Under the new regulations the postage rates for newspapers to points outside of the county are doubled. The Democrat therefore finds that it will be financially unable to carry on its list any subscriber from such outside points who is not paid cash in advance and the names of such subscribers will be eliminated from the subscription list during the present month. The management suggests that you send in your check at once if you wish the paper continued
