

# Diamond SQUEEGEE TREAD TIRES

## Sold "For Keeps"

WE like to sell Diamond Tires! We find that when one of our customers tries one Diamond, he wants Diamonds "all around." He's sold "for keeps."

Satisfied customers like that keep us in business!

We're glad to tell you that the Diamond Tires we've sold are piling up thousands of miles without a "come-back." And what's more, they cost less than most tires. Don't you agree that Diamonds must be a pretty good proposition?

Diamond Tubes are in a class by themselves. Made from husky, lively rubber that is remarkably long-lived.

Black Tread Red Sides

Albany, Ore.

### Woodward.

Mrs. Gordon Van Gunda (nee Miss Annie Dawson) has been the inspiration for several social affairs which have taken place in Newport during the past few weeks. One of the most delightful was a dinner dance, for which Mrs. Robert McMurray was hostess at the Kappa Alpha Theta cottage last Monday evening.

### STORY OF DU BARRY DEALS WITH COURT LIFE

The story of "Du Barry," as Theda Bara has made it into a wonderful photoplay for Wm. Fox, tells of the famous woman who had such a large part in the reign of Louis XV.

One day, when he is riding about the streets Bouis XV sees Jeannette and is smitten by her. Soon a stranger arrives and asks Jeannette to dine with some gentlemen.

The dinner takes place, and the beautiful woman loses her garter, which is picked up and toasted by the man who is sitting next to her.

After the dinner Jeannette snatches the mask from her neighbor and announces that she knew all along that she knew all along that he was the king. The latter proclaims his love for the beautiful woman, and from that moment Jeannette is high in the favor of His Majesty.

"Du Barry" is being shown on the screen at The Rolfe for the last time tonight.

### TODAY'S FEATURE AT GLOBE

Featuring Wallace Reid, "The House of Silence" will be the attraction at the Globe today. It is a remarkable picturization of Elwyn Barron's novel and the story has to do with the investigation by a rich clubman of a murder in a mysterious house. With a harpin and purse as his only clues, he begins work.

How he accomplishes his object and after developing that the slaying was her honor, wins the love of that young woman, is told in a series of scenes as thrilling as they are captivating.

### DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious apoplexy, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sleeky complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

In neighboring towns. A cordial welcome is extended to all.

The Pythian Sisters club met on Tuesday of this week and spent a pleasant afternoon on the lawn of Mrs. Fred Fortmiller. Sewing and Red Cross work occupied the ladies until a covered dish supper was served.

Miss Nina Bending entertained the members of the Beta Gamma club on Wednesday evening, at the home of Miss Laverne Hoflich. Red geraniums graced the table around which the girls enjoyed a delicious dinner, the remainder of the evening being spent in a social way. Miss Vivian Cramer, of Silverton, who is visiting in Albany as the guest of Miss Hazel Hall, was complimented at this time.

Miss Eda Patterson, of Portland, formerly of this city, will be the house guest of Miss Margaret Gibson for the coming week. Miss Gibson will entertain a number of girls for her, informally, on Wednesday.

The Campfire girls passed a jolly afternoon at Bryant's Park on Wednesday of this week. A ceremonial was held, after which waffles and marshmallows were roasted around a bonfire.

Mrs. H. D. Curtis of Sioux City, Ia., is the house guest of Mrs. W. A.

### Recovers From Illness

G. E. Campbell of East Fifth street is again about after a few days' illness that confined him to his home.

### COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

EYE ENDURANCE is a virtue until use becomes abuse.

IF YOU IGNORE the innumerable warnings which tired nature so kindly vouchsafes, you will inevitably pay the penalty.

E. C. MEADE, Optometrist

Bell 481-J.

A large number of people are planning to attend the jitsie dance which will be given in the armory this evening by the Home Guard. Attractive decorations have been arranged, greenery, Japanese parasols and lanterns having been used, with American flags lending the appropriate patriotic touch. The decorating committee is composed of Mesdames R. E. Mason, Harry Cusick and P. A. Young. Heister's orchestra will furnish the music, and several vocal solos will be rendered during the evening. Invitations have been issued to the training camp and a large number of people
