or Bladder bothers you—Meat forms uric soid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder discretes.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This samous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithiawater drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he ells lots of Jad Salts to folks who believe overcoming kidney trouble while it is trouble.

Advertising Momentum

Many institutions expect advertising to perform miracles, to rehabilitate a depleted list of customers in a few weeks or harvest a golden crop of dollars. Advertising is not based on wizardry any more than on quackery. Its results are cumulative,

There are no miracles in advertising, but money so invested, if invested properly and the opportunities thus created properly followed, will yield handsome returns.
