LAWBREAKER BOASTS: FRIENDS PAY HIS FINE

LONDON, Aug. 21.—"Those for whom I sinned shall pay the price." Frank Allum, a butcher in Hampstead Road who has been contravening the rationing scheme, might adopt this slogan. His fortunate customers had been satiated with veal. Veal! That sacred stuff which most of us in England haven't tasted since the war began. He was fined \$250. Not being of the calibre to do "good by stealth and blush to find it fame" he put a large notice up in his store advertising his heroism and asking customers to place in the box below a contribution towards payment of the fine. He now boasts that he's not a cent out of pocket.

ARMED WITH VALISE, HERO SAVES THE DAY

LONDON, Aug. 21.—A wounded officer, just home, states that there are dozens of different phenomena of heroism. He tells of a young sub who never had been up the line before and was only there through a chance visit. He was utterly unnerfed when a vigorous attack commenced and stood trembling in every limb. With a shamefaced smile he said to another officer, "I shall be all right in a little while."

A critical position arose on the left where a detachment had lost all its officers and was wavering. Out of the trench stepped this boy. He had only a valise in his hand.

Running in front of the wavering company he signalled it to come forward. It rallied and followed him. After he had gone forward 40 yards he was shot through the head and killed.

But by that time he had saved the situation.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do. The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.
