

We Have Enlisted to Help Win This War

The Government needs expert mechanics.
Will you help to release them?
Self-sacrifice is the rule

NOTICE

In order to eliminate unnecessary office work, thus releasing clerical help, the Government has requested that all business be conducted as economically and efficiently as possible. Charge accounts will be discontinued on and after September the first. All parts, repairs, and labor, tires, accessories, and gasoline will be on a strictly cash basis at the time of purchase

Your Patriotic Duty

It will be the patriotic duty of every owner to make minor adjustments and service to the end that every expert mechanic available for war work may be released to the Government. Owners are urged to see that their tools are in order, that jack and pump are in working condition, that extra tubes and tires are in proper repair and that other necessary equipment is in condition to enable them to take care of emergency repairs on the road.
