REGISTRATION DAY COMES EARLY IN SEPTEMBER

PORTLAND, Aug. 28.—Special—Keep your eye on the newspapers for the date of the coming registration day for men from 18 to 29 and from 31 to 45 years, inclusive, under the new draft law soon to be passed by congress.

The exact date of registration day on which 13,000,000 men in the United States included within these ages will register, cannot be announced until the new draft law is actually passed and signed by the President.

But it is certain that it will be early in September. Every man in the new draft ages, whether citizen or alien, will be required to register on the day set. No excuse will be accepted for failure to register, and the penalty will be up to one year's imprisonment.

For his own protection, every man affected by the new draft law is urged to watch the newspapers for announcement of the registration day, and to register on that day at the place designated by his local draft board without fail.

HORTICULTURE COURSE AT O. A. C. THIS YEAR

CORVALLIS, Aug. 28.—Special—A practical one-year course in horticulture and allied subjects will be offered at the Oregon Agricultural college, which is expected to be popular because of war conditions. Because many of the men have gone to war it is thought that the course will appeal to women. Some of the best orchards in Oregon, in fact, are now being managed by women.

The work will consist of training in the general horticultural practices such as harvesting, grading and packing fruit, spraying of trees, manufacture of sprays, handling of spray machines and the use of various kinds of sprays.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
