BARNUM & BAILEY CIRCUS IS COMING

Greatest Show on Earth Will Soon Exhibit in This Vicinity

Once again the glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on earth will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Portland on September 2.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever before been seen under canvas. New and novel features have been imported from abroad and a program of events, thrilling, educational and screamingly funny, will occupy every instant in three rings, four stages, the rigging above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Alladin and His Wonderful Lamp" in which nearly 1,400 persons and 1,000 animals appear in magnificent costumes rivaling the dress of the people of the famous Arabian Nights' story. This will be followed by a host of acts in all parts of the great enclosure. There will be 60 clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently-born baby animals.

The free street parade, which starts at 10 a. m., is entirely different from anything of the kind ever shown. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliopes and an electric piano.

With the largest tent in the history of circuses, the Barnum & Bailey circus promises this season to make good again its boast that it is the greatest show on earth. Five railroad trains comprising 89 railroad cars will be required to transport its parapher-

malia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

JERSEY DAIRY WILL SELL GRADED COWS

C. A. Wood and H. M. Mix, who have been conducting the Jersey Dairy on the R. L. Glass farm, a mile and a half south of Corvallis on the Monroe state road, have decided to quit business, owing to the inability to secure sufficient competent help. This decision makes it necessary for them to dispose of their stock and equipment and for this purpose they will hold a public auction Saturday, September 7, beginning at 10 o'clock, at which time they will sell their high-grade Jersey milk cows, all selected for their records for quality and quantity milkers. They will also sell their young heifers, bulls, calves, horses, and complete dairy equipment.
