SOCIAL

Numbered among the season's many successful dances was the one of Friday night, given in the armory by the Honor Guard girls, as a Red Cross benefit. Attractive decorations had been arranged, huge Japanese parasols extended from the ceiling, and Japanese lanterns here and there. The platform where the orchestra sat was effectively arranged, profusely decked with ferns and greenery. Tall white pedestals held candles which were lighted, later in the evening. Good music was furnished by Heister's Orchestra.

Miss Elizabeth Young celebrated her birthday Friday evening with a picnic party in Bryant's Park. Several guests were present at this time. Mrs. Thomas Gilchrist chaperoned the party. After swimming and other diversions, a weenie roast and delicious lunch were enjoyed.

A number of friends of Mrs. F. P. Nutting, Misses Flo and Violet Nutting, Mrs. Eva Patterson and Miss Eda Patterson of Portland, Mrs. Braden and Mrs. Davis, were guests Mon-

day evening at the hospitable home of Mr. and Mrs. L. E. Blain. The guests gathered and passed a delightful social evening on the spacious veranda and lawn. During the time, an informal program containing several excellent selections, was rendered. Miss Isabelle Young gave several vocal solos, Miss Florence Ryder entertained with several instrumental selections, Mrs. F. P. Nutting sang and several other numbers were enjoyed. At the close of a most enjoyable time light refreshments were served.

The Needlecraft club was entertained this week on Thursday with Mrs. L. Hunt as hostess. Knitting and a pleasant social hour were enjoyed, completed with dainty refreshments.

On Tuesday evening of this week, Miss Stella Dorgan informally entertained the Sewing club girls. Mrs. Nelson Wilbur, a former member, and Miss Kate Stewart, were honor guests. A dainty lunch rounded out the evening's pleasures.

A swimming party was the jolly pastime of Monday evening enjoyed by the Neos Nymph clubmembers, in honor of Mrs. Claud Laughhead and Mrs. Walter Stuart of Lebanon. After a dip in the Willamette, a picnic supper was spread out in Bryant's Park.

Mrs. John Neely was hostess this week on Wednesday afternoon to a benefit tea given for the Ladies' Aid Society of the Christian church. During the pleasant afternoon a short program was given. Later light refreshments were served.

GREATEST CIRCUS IS COMING SOON

There is to be a real circus day this year—a Barnum & Bailey circus day. Advance guards of the greatest show on earth announce that this season's route carries it close enough to be visited by everybody in this vicinity. Thirty acres of tents will be set, and the big show will be exhibited in Portland on Sept. 2. A wonderful new program is promised and it is claimed that this season the monster entertainment has more and better things to show than ever before. Starting with a magnificent pageant, "Aladdin and His Wonderful Lamp," the circus will occupy three hours or more with events in air, on platform, and rings, and in the huge hippodrome surrounding. Not one moment will be lost.

The opening feature is the first attempt at Chinese pageantry in the history of circuses, and it has been described as the most gorgeous presentation ever attempted. The story of the genie slave of the magic lamp is well known. Barnum & Bailey have spent \$1,000,000 to reproduce it.

Convened Court—
Judge Kelly convened court this morning. Motions and demurrers were brought up but nothing special was done. One case was settled, that of Long vs. Robinson, after which court was dismissed.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are nervous, wake up with a dull, aching head, have furrowed foreheads, bad breath, yellow complexion, others have bilious attacks, acid stomach, constipation are assured of pronounced improvement in both health and appearance when they use this.
