# The War Industries Board Says: **Print Paper Must Be Conserved**

The Democrat has on its list a considerable number of subscribers who receive the paper at points outside of Linn County. Under the new regulations the postage rates for newspapers to points outside of thecounty are doubled. The Democrat therefor finds that it will be financially unable to carry on its list any subscriber from such outside points who is not paid cash in advance and the names of such subscribers will be eliminated from the subscription list during the present month. The management suggests that you send in your check at once if you wish the paper continued
