

The Branch House Man

This is one of the Swift & Company Branch House Men. They are all pretty much alike in the way they feel toward their work—and that is what this ad is about. They know that most people couldn't get such good meat promptly and in good condition if it weren't for the branch houses of which they are in charge. They know that the branch house is one of the most important links in the chain of preparing and distributing meat for a nation. They know that Swift & Company must have its branch houses run at the highest notch of usefulness; that even a Swift & Company branch house won't run itself, and that it is up to the branch house man to run it properly. Any branch house man who doesn't see his work in this light is transferred to some other place with Swift & Company to which he is better adapted. They are picked men, these branch house men. Every time you sit down to a steak or chop, or cut of roast, you can give a grateful thought to the whole crew of them. And remember, in a general way, that everything that makes life smoother and more convenient for you is the result of the thoughtfulness and effort of a lot of people of whom you have never heard.

Swift & Company, U. S. A.

Here From Portland—
Miss Inez Couey of Portland is here visiting Mrs. R. M. Kinsey and Mrs. Fred Harris.

Returned From Newport—
Mrs. Felix Dodele returned yesterday from Newport, accompanied by

her brother, Charles Reed, and wife, who will visit for several days with other relatives near here.

Returned From Visit—
Mrs. William Van Nuden returned last night from Portland, where she spent several weeks visiting with her

sister, Mrs. N. M. Hunt, and her brother, William Holbrook.

Here From Jefferson—
Miss Gladys Jones of Jefferson is spending the day here with friends.

Visiting Here—
Miss Irma Tilton of Salem is visiting relatives for the week-end at the home of F. M. French.

NOTICE OF SALE OF GOVERNMENT TIMBER
GENERAL LAND OFFICE, Washington, D. C., August 29, 1918.—Notice is hereby given that subject to the conditions and limitations of the Act of June 9, 1916 (39 Stat., 218), and the instructions of the Secretary of the Interior of September 15, 1917, the timber on the following lands will be sold Oct. 16, 1918, at 10 o'clock A. M., at public auction at the United States land office at Roseburg, Oregon, to the highest bidder at not less than the appraised value as shown by this notice, sale to be subject to the approval of the Secretary of the Interior. The purchase price, with an additional sum of one-fifth of one per cent thereof, being commissions allowed, must be deposited at time of sale, money to be returned if sale is not approved, otherwise patent will issue for the timber which must be removed within ten years. Bids will be received from citizens of the United States, associations of such citizens and corporations organized under the laws of the United States or any state, territory or district thereof only. Upon application of a qualified purchaser, the timber on any legal subdivision will be offered separately before being included in any offer of a larger unit.

SOCIETY

BEATRICE SANDERS
Society Editor
Bell 481-J.

In every detail a most charmingly-arranged affair, was the social given for the Ladies' Aid Society of the First Presbyterian church by the elderly ladies of the society, at the home of Mrs. John A. Shaw. All of the appointments were in keeping with the affair, dainty decorations of old-fashioned blossoms, profusely used about the rooms. A musical program formed part of the afternoon's entertainment. The dining room was arranged as a bazaar, with several booths containing useful articles. One of the main features of the afternoon was the remembrance of the 85th birthday of "Grandma" Lee, when she was presented with a lovely bouquet of old-fashioned flowers. The birthday of Mrs. Louis Viereck was also remembered at this time. At the close of the afternoon a light lunch was served. A large number of guests

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Finish the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

were present to enjoy the pleasant social time.

On Monday evening of this week, a charmingly informal affair was presided over by Miss Florence Rider and Miss Gertrude Braden for the pleasure of Miss Zelma Rhodes, who left this week for California. Several friends came in to spend the evening in knitting and a social time. Profusions of nasturtiums and other blossoms were used about the rooms in decoration. At the close of the evening light refreshments were served.

An attractively-appointed little dinner party was given Wednesday evening with the Misses Stella and Bessie Hoover as hostesses. Miss Minerva Speer, who will leave Monday for Monmouth to attend school, was the inspiration for this event. The table decorations were carried out in the dainty pink color scheme, carnations of that shade centering the table. The remainder of the evening was passed in a jolly way.

A most enjoyable affair was the picnic given this week by the young people of Tangent in honor of several guests who will leave soon for colleges or to teach school in various parts. The affair took place in the oak grove on the Ashton Farm. A huge bonfire was built, around which games and singing were enjoyed. Later a weenie roast and watermelon feed took place. Among the honor guests were Misses Myrtle and Edna Curry, Lee McClacan of Dorr Field, Florida, who is home on a furlough, Miss Florence Jenks, Miss Bessie Gillet, Miss Marie Mehring, Miss Jessie Jenks, Miss Marian Floop, Miss Glyde Ausman and David Slate.

A jolly little surprise party was given to celebrate the eighth birthday of Master Kenneth Parker, at the Parker residence on Eighth and Walnut streets, Tuesday evening. The rooms were prettily decorated for the affair with ferns, flowers and greenery. Games made the evening's hours pass enjoyably and later light refreshments were served. Guests at this time were: Wilda Parrish, Mason McDermott, Orval Dow, Lee Rohrbough, Joseph Jurglewitch, Rex Gildow, Wallace Palmer, Lee Haller, Percy Hand-

HAMILTONS'
Concerning
Modart Corsets
A LACED IN FRONT CORSET
that is Setting New Standards

JUST TO LOOK at these Corsets one can see style in the very lines. To feel them, to bend them back and forth, then one is sure of the ease and comfort embodied.

THE LIGHT, flexible clock-spring steels not only allow perfect freedom of motion but they always come back to their proper places, which means no ugly bend in the waist-line of these corsets. And the boning in MODART Corsets does not rust—a point in their favor the year around.

WE HAVE FOUND the MODART Corset so satisfactory in every way that an unusually large number of models are to be found here. Styles to fit the needs of every figure and to fit the individual needs of each woman. In fact many of our patrons are fitted each time to three corsets—the athletic, the dress and the evening models.

TO DO YOURSELF and the MODART Corset justice you should buy your model and have it fitted here, for here you will find complete fitting service, competent trained corsetiers and a suitable fitting-room.

ley, Glen and Kenneth Parker.

A delightful little theater party was the occasion of Thursday afternoon for which little Miss Virginia Jones of Seaside, who is a guest at the O. D. Austin home, was the honoree. The party went to the Globe theater, where they saw Charles Ray in "His Own Home Town." Later refreshments were enjoyed at the Elite and the remainder of the afternoon passed at the Austin home. Guests at this affair were Elizabeth Beam, Marjory Daily, Louis Mason, Martha Woods, Josephine Ralston and Virginia Jones.

On Monday of this week a number of friends called at the home of Mrs. P. J. Baltimore to pass the evening in Red Cross work. A delightful evening was passed, the social hour being rounded out with a dainty lunch.

An enjoyable event of the week occurred when a few Albany people and Eugene people met and passed a jolly day midway between Eugene and Albany. After driving to the pretty spot, a delicious dinner was enjoyed and a social time. Those who went

By Twelve Bottles of PERUNA

Greatest Human Vitalizer
"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and throat I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Maltin."

Since that time, I have never been without Peruna. I use it for colds and as a general tonic during Spring and Fall months and find it the greatest human vitalizer.

This Electric Range
Will Save Coal for Uncle Sam and Time and Labor for You

Careful tests have shown that 262.7 pounds of coal are required by a central station to supply a family with cooking current equivalent to 800 pounds of coal consumed in a solid fuel range. An electric range will do your cooking better and save on your food bill. The elimination of the fuel and ash problem saves a world of time and labor. Arrange to install an electric range in your home today.

Announcing the Allwork Tractor

A 3-Plow Tractor Four-Cylinder Motor 5x6 Two Speeds Forward Direct Drive on the Belt without Finions or Gears

The Light "ALLWORK" Tractor is built for all-around work in any season of the year. Powerful for heavy plowing—light enough to get out on wet land in early spring or on a soft seedbed for harrowing and seeding—plenty of power for belt work. Here is the PRACTICAL light-weight, high-power farm tractor. Free from freakish features—runs on four wheels; carries the largest 4-cylinder engine we know of on any 3-plow tractor. It sets crosswise on the frame, thus giving DIRECT SPUR GEAR DRIVE—no bevel gears. BELT PULLEY IS ON DIRECT LINE WITH CRANK SHAFT.

The "ALLWORK" develops 3,000 lbs. drawbar pull on high gear and 4,000 lbs. on low gear; it handles 3 plows with ease under ordinary conditions and four plows for light plowing with favorable soil conditions.

The engine develops 28 to 30 horsepower at belt and 15 to 15 horsepower at drawbar. It has four cylinders 5x6 and will burn gasoline, distillate or kerosene equally well. It is simple in design—no intricate parts to confuse the operator and all parts are easily "get-at-able," and it uses the regular farm equipment, same as is used with horses. All gears automatically oiled. The "ALLWORK" is of the most compact, solid, sturdy and rigid construction.
