Has Never Been Down Sick Since Taking PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.
"In 1910 I was out in Kansas running a threshing machine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry.
"I have never been down sick since that time. I do not take any other medicines except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."

COMB SAGE TEA INTO GRAY HAIR
Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.
White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

HAMILTONS' STYLE

HAVE YOU EVER observed that some women do not look well dressed no matter how expensive their clothes? They seem to lack that something called style. Style does not come from the clothing one wears but from the figure that is underneath the clothing.

Some women naturally have a stylish appearance. It is the poise or balance of the figure that gives the easy, graceful movements when walking, stooping, turning, in fact doing anything that calls for the slightest muscular exertion.

The foundation of a correct figure is proper poise of the body maintained by the means of a properly-poised corset. Modart Front Laced Corsets are poise designed.

There is style in a MODART for each type of figure. They are designed to bring out the latent beauty of form which is every woman's inheritance and to add every possible touch of smartness.

A trial fitting of the MODART Corset, which is free by our corsetiere, will prove to you their distinctly smart style.
