BACK HURTS USE SALTS FOR KIDNEYS

But less meat if kidneys feel like lead or bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe overcoming kidney trouble while it is trouble.

France. It was written the last of August and at that time he was at a resting camp and about ready to return to the front. Lieut. Baker has served his time in the trenches several different times. He also sent his son, Leland Baker, a German helmet and some buttons off a German overcoat, for souvenirs, stating that the owner didn't need them any more.

TWINS PLAY CUPIDS IN METRO PLAY

A pair of healthy twins, John Henry and Mary Anne, are one (or two) of the unique attractions of "A Pair of Cupids," starring Francis X. Bushman and Beverly Bayne, featured at the Rolfe Tuesday and Wednesday.

These chubby youngsters are utterly unconscious that they are disguised as a pair of Cupids, but they are most successful nevertheless.

How About Your Danger Zone?

YOU'VE got it—every human being is born with it—your large intestine, or colon. It is a large tube—a reservoir or sewer—intended to collect waste matter and remove it from the body.

Plug it up with waste, neglect it, and you're sick on your feet. The waste matter stagnates, undergoes decay, fermentation and germ action. Dangerous poisons are produced, that can easily be absorbed and carried all over the body.

Allow constipation to become established, and you are liable to become definitely and miserably sick—and not on your feet either. You have broken Nature's laws.

Better be kind to her. Keep the danger zone clean, with a regular bowel movement, and Nature will thank you, and pay you back in gold coin—health, good nature, and a feeling of eagerness for your daily task.

A large proportion of almost every form of sickness is caused or made worse by the poisons produced as a result of constipation.

Nujol has the approval of established medical practice, because it does not upset the system as do pills, castor oil and purgative mineral waters, salts, etc. It softens the contents of the colon, making them easy for the intestinal muscles to move at regular hours. Don't fight Nature. Help her. Nujol is health insurance for tens of thousands of American families today. Sold at drug stores everywhere.

Warning:

NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
