

IT IS A HARD THING

TO MAKE GOOD BREAD OUT OF

SUBSTITUTES

However, if your kitchen is equipped with

A BANQUET RANGE

—you know that the difficulty has been practically overcome. There's a reason for it, too: the way the drafts are regulated, and the oven thermometer, make it possible to get just the right temperature needed.

BANQUET RANGES are made of Wellsville polished steel, with Nickel Bases. There are two ways of fixing the water reservoir.

BANQUET RANGE prices are

\$43 to \$85

Quite a large variety of them. We invite your inspection.

Xmas Packages May Be Sent to Soldiers

The war department has decided to allow relatives and friends of officers and soldiers in France to send them Christmas packages, one to each individual in the American Expeditionary forces. A standard container to be used will measure 9x4x3 inches, and the weight limit will be three pounds. Arrangements are now being made for standard containers of the size indicated to be furnished on application to the local Red Cross chapters throughout the country. In order to insure the arrival of these Christmas packages in France, and their distribution to the soldiers by Christmas, they should be mailed on or before Nov. 15th.

In order to insure the limitation of one package to each man, which, in itself, will consume a very large amount of tonnage, a plan has been worked out by which Gen. Pershing is forwarding to the war department coupons on which are inscribed the correct names and addresses of all members of the American Expeditionary forces. These coupons will be distributed, and no package will be forwarded without the necessary coupon.

VAUDEVILLE AT THE GLOBE THEATRE THIS FRIDAY

The Friday night vaudeville bill at the Globe this week will consist of two acts, as usual. The first, Hannah and partner, is a distinct novelty, consisting of acrobatics of a character and newness that stamps them superior in their line. They out-acrobat any other acrobatic act. There is a deftness and daring to their efforts that give them a place alone. The feats are new.

The second vaudeville act is "Yodeling Webbs." A talented young man and an accomplished young lady comprise this duo.

The House of Hate, that thrilling Pearl White serial, is getting more exciting each episode, and a complete synopsis is shown before the picture. Then there is Pathe News, comedy and orchestra numbers.

SEVEN WAR WORK RELIEF AGENCIES JOIN IN DRIVE

Recognized Great Organizations Representing All Creeds and Elements Welded Into One.

\$170,500,000 IS THE GOAL.

Plan of War Department to Avoid Waste of Energy and Duplication of Effort Enthusiastically Adopted and Unity is Achieved.

WHAT GENERAL PERSHING NEEDS

"Give me nine men who have a hut and I will have a more effective fighting force than if I had ten men without it."

—General Pershing.

On November 11 the American people will start a one week's drive to raise the largest amount of money ever given outright by any people in the history of the world.

The drive will be a new thing under the sun. For the first time Protestants, Catholics and Jews, forgetting all their differences, will line up shoulder to shoulder, welding their individual organizations together in their common devotion to the boys in the cantonnments and over there. This amalgamation of the seven great agencies engaged in war work is one of the fine developments which have been brought about by the war and under the wise guidance of President Wilson.

The seven organizations which together will make this united appeal are the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army. Each of them will need funds this Fall; each had planned a separate campaign for support. Now, acting on the suggestion of the President's letter of September 5, the seven campaigns will be rolled into one. The American people will be spared the burden of seven separate appeals, and the nation will have an opportunity to demonstrate splendidly that men and women of all creeds at home can work together, as men of all creeds over there are fighting and dying together.

Dr. John R. Mott, whom President Wilson has spoken of as one of the ablest and most useful men of his generation, has been selected Director General of the drive. It is interesting to note that Dr. Mott's name was placed in nomination by John G. Agar of the National Catholic War Council and seconded by Mortimer L. Schiff of the Jewish Welfare Board. The general committee having the campaign in charge contains such well known names as Raymond B. Fosdick, Chairman of the Commission on Training Camp Activities; George W. Perkins, Chairman of the Finance Committee of the U. S. Steel Corporation; James E. Phelan of Hornblower and Weeks; Honorable Myron T. Herrick, former ambassador to France; Cleveland H. Dodge, George Gordon Battle, Mrs. Henry P. Davidson and Frank A. Vanderlip, president of the National City Bank.

In every city, county and town the campaign will be in charge of the biggest men of the community.

Together these seven organizations represent a work that is staggering in its proportions. They have more than 15,000 uniformed workers, standing shoulder to shoulder with the boys every step of the way from home to the front line trenches. They operate more than 3,000 buildings and ship 500 tons of supplies to the boys in France every week. Fifteen miles of film set sail for the other side each week under their direction, and the regular weekly attendance of soldiers and sailors at their motion picture shows is more than 2,500,000. The Bibles furnished to the boys since the war broke out would, if piled one on another, make a pile more than twenty miles high.

"Morale," said Napoleon, "is as other factors in war as three to one." By which he meant that one man who is kept contented and happy is better than three men who are discouraged and homesick. It is the business of these seven great agencies to help maintain morale. They are keeping up the fine fighting edge of our boys, and by their ministrations, helping to put added power into our army and navy and so hasten the hour of victory when they will bring our boys home again.

It is predicted by national leaders that this great victory drive will "go over the top" in a larger way than any campaign that has preceded it.
