The Thursday Study club met with Mrs. Francis Arnold Thursday afternoon and decided to suspend the regular literary meetings for the winter and do relief and Red Cross work instead. The members voted to make a donation of 18 handkerchiefs to the Red Cross linen shower.

Mrs. Hans Flo of Pocatello, Idaho, formerly of this city, is here for a week's visit and many social affairs are being given in her honor. Among them was a tea given Friday afternoon by Mrs. R. E. Mason and Mrs. E. D. Cusick at the Mason home on West Sixth street.

Mrs. Hans Flo was the inspiration for a delightful buffet dinner party on Wednesday evening of this week, when Miss Elizabeth Irvine entertained

about 20 intimate friends of Mrs. Flo.

The Modern Travelers met this afternoon at the home of Mrs. J. K. Weatherford on Montgomery street. At this time it was decided whether or not to meet any more this winter or to discontinue until after the war.

Little Miss Elizabeth Owen was an attractive young hostess this afternoon when she entertained about 15 of her little girl friends with a most delightful masquerade party. This affair was given to celebrate the tenth birthday of Little Miss Owen. Late in the afternoon dainty refreshments were served.

The Alpha Nu club was entertained Friday by Miss Grace McCalley when she took the jolly crowd out in her car and later to Spring Hill where they spent the evening in a most pleasant way around a big bonfire. They toasted buns and wienies and after the "feed" was over they spent the remainder of the evening in telling stories and singing. At a late hour the happy gathering departed for home.

The Leisure Hour club met with Mrs. S. S. Train on Friday afternoon. This was just a short business meeting, and it was decided at this time whether they should continue to meet regularly or not this winter.

The Ladies' Aid society of the Christian church met this week at the home of Mrs. Howard and held a social tea. The afternoon was spent in conversation and Red Cross knitting.

CafeSALTS IF BACKACHE
AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Glass of Hot Water
Before Breakfast
a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisonous and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.
