## "Spokes"—and the Swift "Wheel"

What would you consumers think of a wheel without spokes?

What would you think of a man who would take any or all of the spokes out of a wheel to make it run better?

Swift & Company's business of getting fresh meat to you is a wheel, of which the packing plant is only the hub. Retail dealers are the rim—and Swift & Company Branch Houses are the spokes.

The hub wouldn't do the wheel much good and you wouldn't have much use for hub or rim if it weren't for the spokes that fit them all together to make a wheel of it.

Swift & Company Branch Houses are placed, after thorough investigation, in centers where they can be successfully operated and do the most good for the most people at the least possible cost.

Each "spoke" is in charge of a man who knows that he is there to keep you supplied at all times with meat, sweet and fresh; and who knows that if he doesn't do it, his competitor will.

How much good would the hub and the rim of the Swift "wheel" do you if the spokes were done away with?

### GATES NEWS

GATES, Oct. 23.—Special.—Mrs. Lucy Davis of Portland was called to Gates Tuesday night by the illness of her granddaughter, Miss Lucy Hamilton, who is suffering from influenza.

R. J. Munro came out from Quartsville Saturday.

The Gates auxiliary of the Red Cross met at the home of Mrs. F. M. Hester, there being a good attendance.

Miss E. Dowd went to Salem Saturday, returning Sunday.

Mr. and Mrs. I. V. Kane went to Portland Saturday, returning Sunday.

W. H. Hesterman has finished drying his prune crop.

C. D. Boyler came down from Rutledge Saturday to spend Sunday at his home near Gates.

It was reported that Mr. and Mrs. Dalrymple, formerly of Hills Camp and well-known in this vicinity, had both succumbed to pneumonia. Their deaths occurred within 24 hours of each other. No particulars were learned.

There are a great many sick in and near Gates with a gripe but up to the present time there have been no deaths.

Roy McDougal brought a cow with a young calf in from the range and placed the calf in a pen by itself. Next morning he went out to look for more stock and when he returned at noon found one of his boys had broken into the pen and killed the calf and had it nearly devoured. Mr. McDougal thinks the boy would make a better scavenger than pet.

Grandma Hall of Albany came to Gates to visit at the home of her son, Edw. Hall. B. G. Hall of Albany is a son of Mrs. Hall.

Dorsey Collins went to Eugene Friday.

C. A. Boyler of Albany was doing business in Gates Tuesday.

THIS DAY in the WAR

OCT. 23, 1917.—French north of Aisne smash thru on Germans front.

OCT. 23, 1916.—Von Mackensen announces he has captured Constantinople.

OCT. 23, 1915.—French aid reaches Serbia at Strumizza.

OCT. 23, 1914.—American relief committee starts census of needy Belgians.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

RECEIVE NOTICE IN TRADE MAGAZINE

The White Leghorn flocks of A. Shank of Shelburn, and of J. C. Huber, of near Seio, and J. W. Hiron, near Shelburn, receive special mention in the current issue of Poultry Life, a leading coast magazine devoted to the interests of chicken fanciers and breeders. The egg factory systems of these Linn county poultrymen are commended as successful and profitable by the editor, C. S. Whitmore, who recently toured this section and called upon local poultrymen.

A Leghorn of E. C. Viereck's flock, of North Albany, which laid 33 eggs in 35 days and was maintaining the pace thruout fall and winter, is mentioned also. The Ringneck Reds, a new R. I. Red strain developed on Linn Ringneck Ranch, comes in for notice also.

says that down South the best people won't chew anything but Real Gravely. They know how it's made—the Gravely way. It costs nothing extra to chew this class of plug. A

small chew of Gravely holds its good taste. That's why it lasts so much longer than a big chew of ordinary plug.

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.

If in these days of high prices you found a butcher who charged 20 per cent less than the others you'd patronize him, wouldn't you? It would be worth considerable effort to save that much every week on household expenses.

Well, here's a way you can save 20 per cent on your meat bills without trouble, without exertion.

How? By means of electric range cooking—the cleanest, easiest, surest way of cooking food just right.

Electric Ranges are so simple in operation that a 12-year-old child can prepare a superior meal with little instruction. And that 20 per cent saving on meats—is due to the construction of the oven, which prevents evaporation and retains the juices. You not only save 20 per cent, but the meat is more delicious, appetizing and wholesome.

We have a special cooking rate—and a time limited proposition which you can't afford to overlook.
