

Look How That Piano is Scratched!

But I should worry. I know how it can be fixed. Fisher-Bradens sell furniture polishes of all kinds; yes, Liquid Veneer, O-Cedar Polish, Sprutes, Calol and Golden Star, any one of which will with just a little application effectually cover up the scratches and the piano will look like new, and all it cost was a trifle.

On Business Trip—
A W. Ream went to Portland this morning on business.

Returned Home—

Mr. and Mrs. B. F. West returned to their home in Kings Valley this morning. Mrs. West has just recovered from an operation performed recently at St. Mary's hospital.

Visited Sister—
Mr. and Mrs. A. B. Withrow returned yesterday from Plainview, where they visited the former's sister, Mrs. James Nichols.

If in these days of high prices you found a butcher who charged 20 per cent less than the others you'd patronize him, wouldn't you? It would be worth considerable effort to save that much every week on household expenses.

Well, here's a way you can save 20 per cent on your meat bills without trouble, without exertion.

How? By means of electric range cooking—the cleanest, easiest, surest way of cooking food just right.

Electric Ranges are so simple in operation that a 12-year-old child can prepare a superior meal with little instruction. And that 20 per cent saving on meats—is due to the construction of the oven, which prevents evaporation and retains the juices. You not only save 20 per cent, but the meat is more delicious, appetizing and wholesome.

We have a special cooking rate—and a time limited proposition which you can't afford to overlook.

BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 13,500 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brubaker of Iola, Kas., as librarian at the Y. M. C. A. writing tent, Woolley Rest Camp of the American Expeditionary Forces in southern England. The number of troops at this camp varies from 3,000 to 9,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C. War Camp Community Service, Jewish Welfare Board and Salvation Army have to furnish 125,000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

"Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Mind your eye!

A BUG darts at your eye. Your eye closes—before you think. Reflex action. Your eye telegraphs to your brain "Bug coming!" Your brain flashes back "Close up!" You aren't conscious of the exchange of messages—but your eyelids close. Force of habit protects you. Habit and reflex action save time and effort in numberless ways, and keep your brain clear for the real problem.

Habit, for example, sets the hour when the delicate departments of your digestion combine in a supreme reflex action to move your bowels. Nujol cultivates that habit. If they move regularly all you know is that you feel well.

If they don't move regularly, you know it—the habit has failed.

The food waste stagnates in your large intestine, decays, generates poisons, which are absorbed into your blood and carried all over your body. Your next effort will be more difficult—and soon the bad habit of constipation will be established. The good habit of regularity is replaced by the bad habit of irregularity—reflex action is paralyzed, and the waste accumulates.

CLOTHCRAFT CLOTHES

This Guarantee with Every Suit and Overcoat

When we hear people say, "YOU CAN'T GET THE CLOTHES NOW YOU COULD A FEW YEARS AGO," or that "PRESENT DAY CLOTHES DO NOT WEAR LIKE THEY DID A FEW SEASONS BACK," we want to tell them about CLOTHCRAFT CLOTHES, the makers of which give a written guarantee of satisfactory WEAR and SERVICE that is still as broad and liberal as it could have possibly been even before the war.

IMPORTANT! Help save the soldier boys' lives. Save all your peach, prune and olive pits, walnut and butternut hulls; see that pits are dry, and put them in box in front of our store. The Government has just issued another urgent appeal for these. They are used to make charcoal for gas masks. Just a few of these may save SOME BOY'S life.

PLAN TO MAKE a generous subscription to the UNITED ALLIES' WAR WORK DRIVE about the middle of November.
