

# Wipe your feet, don't track that mud inside

A statement like that is alright if you have a doormat outside, where the injunction may be carried out and all the more so, if your rugs are good indoors.

If your rugs are not just up to par we will be glad to aid you in your selection for a rug for any room in the house.

Medium-sized and large rugs range in price from \$7.50 to \$110.00

SMALL RUGS ..... \$1.00 to \$12.00

AND THAT DOORMAT ..... 75c to \$1.00

If in these days of high prices you found a butcher who charged 20 per cent less than the others you'd patronize him, wouldn't you? It would be worth considerable effort to save that much every week on household expenses.

Well, here's a way you can save 20 per cent on your meat bills without trouble, without exertion.

How? By means of electric range cooking—the cleanest, easiest, surest way of cooking food just right.

Electric Ranges are so simple in operation that a 12-year-old child can prepare a superior meal with little instruction.

And that 20 per cent saving on meats—is due to the construction of the oven, which prevents evaporation and retains the juices.

You not only save 20 per cent, but the meat is more delicious, appetizing and wholesome.

We have a special cooking rate—and a time limited proposition which you can't afford to overlook.
