CITY NEWS

Weather Report—
Yesterday's temperature ranged from 57 to 39 degrees and the river is at 1.8 feet.

Moving to St. Francis—
Fred Blumberg and family are moving to the St. Francis hotel today. They will make the hotel their home.

On Business Trip—
H. S. Logan went to Portland this morning on business.

Here From Corvallis—
Mrs. Byron Taylor of Corvallis came over this morning to visit her parents.

On Inspection Trip—
F. M. French left this morning for Whiteoan on a watch-inspection trip.

UNITED WAR WORKERS OVERCOME FLU BAN

The prevalence of Spanish influenza with its attendant bans on public gatherings and the closing of many colleges and universities presents a peculiar situation with which the student division of the allied war work campaign must contend in securing its quota of funds in the United War Work drive.

The student campaign directors, however, glorying in their ability to overcome any obstacles that might stand in the way of a successful campaign, have found a way around this difficulty. This way around is no other than a correspondence campaign in which every student who can not be reached by personal solicitation will be solicited at long range through the medium of Uncle Sam's postal service.

In view of the ready response from the student division in the war work campaign of last spring it is felt that a simple reminder of the task assigned to the division will be sufficient to bring every student to the fore with a substantial contribution toward the \$100,000 quota which the Northwest student division, comprising the states of Oregon, Washington and Idaho, has agreed to raise.

Influenza!
Influenza has cut into the United War Work Campaign to a considerable extent, but O. W. Davidson, state director, has word from the chairman in every county that they will "put over" the quotas assigned them in the style so familiar to this state.

That Cup of Cocoa.
That cup of cocoa that a Y. M. C. A., K. of C. secretary or Salvation Army man or woman hands your boy in the war zone may be the means of saving his life. Think of that when you are asked for funds to support these welfare organizations.

Must Pull Together.
With two million American soldiers in France the work of the Y. M. C. A., K. of C., Salvation Army and other welfare agencies is increased immeasurably. To maintain the work a drive for funds will be made.

Behind the Girls.
The Y. W. C. A. is behind the girls who are behind the boys who are after the Kaiser. Blue Triangle workers are keeping up the morale of the country's second line of defense—American womanhood.

His Home Overseas.
To the soldier overseas the work of the Y. M. C. A., K. of C. and Salvation Army is the nearest thing to home that he knows. It is the concrete evidence that somebody at home cares for him.

Serving Under Fire.
Hundreds of war workers in the Y. M. C. A., K. of C. and Salvation Army are working under shell fire to serve American soldiers. (The public will be asked for funds to support this work.)

Caring for Girls.
Recreation and social welfare work among women and girls in munition factories and other war industries is being done by the Y. W. C. A. at the request of the government.

Do your Xmas shopping early for the Boys Over There.

COMB-SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre to Once.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, darkens gray, streaked and faded hair, restores its natural color and lustre. The Sage Tea and Sulphur Compound, though, is a better way to get the same result. It is a safe and effective hair restorer. It is made of natural ingredients and is safe for the scalp. It is a hair restorer and a hair conditioner. It is a hair restorer and a hair conditioner. It is a hair restorer and a hair conditioner.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you wake cold easily, it's your liver. If you catch up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to 'violent' calomel, which is a dangerous, salient chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards, and it is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

The Man in the Tobacco Store Says

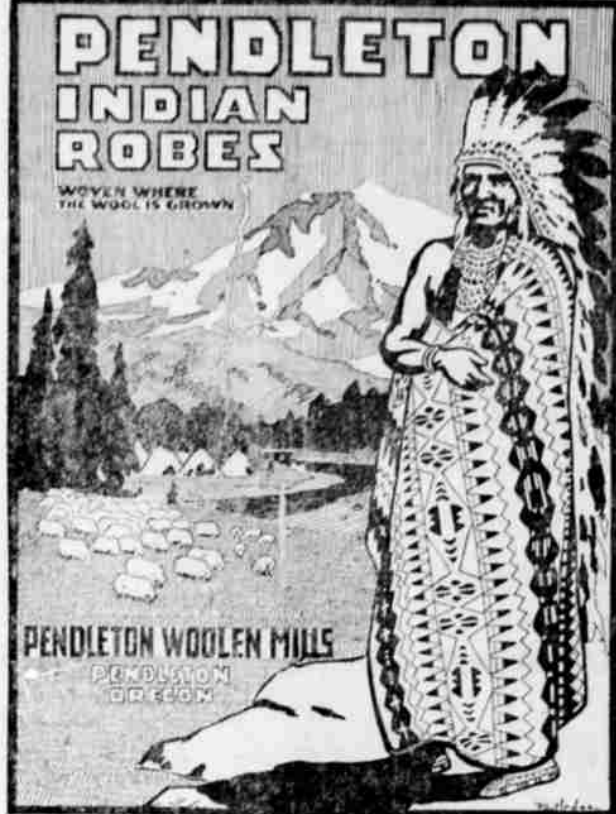

—it does beat all how men are taking to Real Gravely, now that they know it costs nothing extra to chew this class of tobacco. All you have to do is to get a man to take his first plug of Gravely. Let him get the pure, satisfying Grave-

ly taste, and learn for himself how much longer the small Gravely chew stays with him than a big chew of ordinary plug.

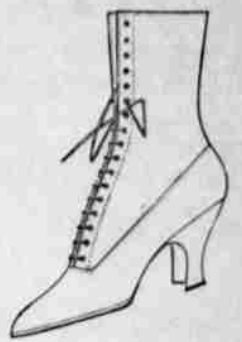

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.

PEYTON BRAND Real Gravely Chewing Plug 10¢ a pouch—and worth it! P. B. GRAVELY TOBACCO CO., DANVILLE, VA.

Returned Home—
Mrs. R. W. Williams and son Richard returned to their home in Portland this morning after a visit at the home of Mrs. Williams' parents, Mr. and Mrs. F. M. French.

NOTICE OF SCHOOL ELECTION TO INCREASE TAX MORE THAN SIX PER CENT OVER THAT OF THE PREVIOUS YEAR.

Notice is hereby given to the legal voters of School District No. 5 of Linn County, State of Oregon, that an election will be held in said District at the High School on the 21st day of November, 1918, at One o'clock in the P. M., to vote on the question of increasing the amount of the tax levy in said District for the year 1919, by more than six per cent over the amount of such levy for the year immediately preceding.

It is necessary to raise this additional amount by special levy for the following reasons: Increase in amount of tax to be raised is due to the increased cost of salaries and supplies and general running expense.

Dated this 1st day of November, 1918.
J. K. WEATHERFORD, Chairman Board of Directors.
Attest: D. D. HACKLEMAN, District Clerk.

KAISER BILL, HE STRUCK OUT
The sneer has gone from the Kaiser's lips.

His teeth are clenched in hate; Because, full of exaggerated ego, He sauntered to the plate; But a Yankee pitcher held the ball, And then he let it go, And then the air was shattered By the force of the Kaiser's blow.

And now, somewhere in this favored land,

The sun is shining bright, And somewhere bands are playing, And somewhere hearts are light, And somewhere they are smiling, And somewhere the children shout; But no joy for "OUR HUNS" Cause—Bill Kaiser, he struck out. —BURGGRAF.

PORTLAND'S LEADING HOTEL

Back of the Firing Line

Modern war conditions demand that our armies must have behind them national solidarity, the coordination of all the vast activities and an industrial army many times greater than the Nation's fighting forces.

The Nation's capital is linked with all these varied activities by the toll and long distance lines of the Bell System. Thousands of miles of special wire systems have been turned over to the Government for its exclusive use. Switchboards in the Government departments at Washington have been enlarged and new ones installed. Right of way is given to Government business over all commercial lines, so that the Government's chief may keep in constant touch with every phase of the Nation's great task and direct its progress intelligently and effectively.

In organizing the military activities of the country, the Government has had the effective cooperation of the Bell Telephone System, which even in peace times reached 70,000 communities and now extends to the headquarters of every Army Department and Naval District in the United States.
