Advice About Influenza

Experience has shown that those who become the most severely ill with influenza waited too long before giving attention to the first symptoms of the dreaded disease. PUROLA Influenza Treatment is the most simple precaution yet found to allay the irritable symptoms. If you'll get a box of 30 tablets when you first feel a cold coming on, and take it as directed, you will not easily be conquered by the disease. 50c a box—complete treatment—at your druggist.
