THE NEW YEAR

The amalgamated hats of the en-
tire world will have to be taken off
to the Old Year. He did more things
to this old earth, and did them faster,
than any of his late lamented pre-
decessors. He has also given us a
champagne thirst for excitement and
then taken our war away and left us
with a beer pocketbook.

Never did the world stand on tip-toe
to meet a coming year as it does for
this one. The world seethes with possi-
bilities. There may be a nice family
peace in store, with a major league to
back it up, or there may be the big-
gest war yet.

There is possible an international
adjustment which will advance the
brotherhood of man by generations,
and there are equal possibilities for
the most colossal display of greed the
world has ever seen.

At the beginning of last year who
could have dreamed that this year
would find America expecting her
boys home? Yet here they are, com-
ing by the thousands, and the Old Year,
blessed because it saw the end of the
war, will have to share honors with
the New with its promise of happy
hearts united.

The past four years have been de-
voted to breaking history. This year
is to see the making of it. There is
need for restraint, for patience, for
the staving of unconstructive criti-
cism.

The world must be about its Father's
business of healing, teaching,
building up, and has no time for the
violent or the merely faultfinding.

Rich with possibilities for the indi-
vidual as for the nation, the New Year
beckons us and we must follow. Our
curiosity may be all awake, but while
we watch developments we must do
our share in bringing them to comple-
tion.

OUR BANKING RESOURCES

The latest report of the federal
controller of the currency gives an
impressive picture of the prosperity of
the American people. The figures cov-
er only the national banks, whose com-
bined resources are less than those of
the state banks and trust companies.
They show that on Nov. 1, the date of
the last call, the resources of these
banks amounted to almost \$29,000,-
000,000.

This is \$1,777,000,000 more than the
banks' resources on Aug. 31, showing
an astonishing rate of gain through-
out the fall months. The deposits dur-
ing that two-month interval increased \$1,-
165,000,000. This, too, at a time when
the people were making heavy pay-
ments on Liberty Bonds.

During the present year, it is stated,
there has been only one national bank
failure in the country, a small institu-
tion in California.

There has been a larger growth in
the last five years than in the preced-
ing 25 years, and our own war de-
mands have not stopped the accumu-
lation. The gains are distributed pret-
ty uniformly over the country.

The total banking power represent-
ed may be imagined from the follow-
ing comparison: The resources of the
national banks of the United States
now exceed the combined resources of
all the national banks of issue of Eng-
land, France, Italy, Germany, Norway,
Sweden, Denmark, Holland and Japan.
And this is nothing to the financial
power we may wield after a few years
of constructive peace.

Influenza Is Still Here

Many cases of grippé, colds, pneu-
monia, "Flu," etc. can be avoided if
proper precaution is taken by every-
one to keep the mouth, throat and
nasal passages free from disease
germs—especially after having mingled
with a crowd. A mouth wash or
gargle with PUROLA Chloroxin is one
of the most effective cleansing and
antiseptic agencies yet found. All
druggists recommend this meritorious
article to their customers. If you will
keep it on hand for daily use, you will
be much less likely to suffer prevail-
ing miseries. 25c and \$1 bottles.

GLASS OF SALTS IF
YOUR KIDNEYS HURT

Not less ment if you feel Backashy or
have Bladder trouble—Salts
fine for Kidneys.

Most forms uric acid which exerts
and overworks the kidneys in their efforts
to filter it from the system. Regular ex-
cretion of meat must flush the kidneys occa-
sionally. You must relieve them like you
relieve your bowels; removing all the
acids, waste and poison, else you feel a
dull misery in the kidney region, sharp
pains in the back or sick headache, dis-
eases, your stomach sour, tongue is
coated and when the weather is bad you
have rheumatic twinges. The urine is
cloudy, full of sediment; the channels
often get irritated, obliging you to get
up two or three times during the night.
To neutralize these irritating acids
and flush off the body's urinous waste
get about four ounces of Jad Salts
from any pharmacy; take a table-
spoonful in a glass of water before break-
fast for a few days and your kidneys will
then not fine and bladder disorders dis-
appear. This famous salts is made from
the acid of grapes and lemon juice, com-
bined with lithia, and has been used for
generations to clean and stimulate slug-
gish kidneys and stop bladder irritation.
Jad Salts is inexpensive; harmless and
makes a delightful effervescent lithia-
water drink which millions of men and
women take now and then, thus avoiding
serious kidney and bladder diseases.
