J. AL PATTISON WAS ACTIVE IN COUNTY

Portland Man Held for Forgery Held Interest in Harrisburg Mill

Under bond of \$50,000 J. Al Pattison, president and manager of the J. Al Pattison Lumber company, is held in Multnomah county jail following his arrest yesterday under federal charge of uttering false bills of lading and obtaining money upon these as collateral.

The arrest creates a sensation because of the prominence of Mr. Pattison and the admission that the sum he is charged with having procured is of a large figure.

The rapid and somewhat meteoric rise of the lumberman as depicted in

literature of his own company, from the time he had but "55 cents capital" adds interest to the case. Associates say of him that he has "played a lone hand" and has been rapidly expanding his business.

Pattison is not unknown in Linn county. He acquired an interest in the mill at Harrisburg and only a few weeks ago he was attached by Attorney Dan Johnston of this city on a claim held by a Linn county resident. After his appearance before United States Commissioner Drake and attempt to obtain the big bond stipulated, Mr. Pattison was lodged in jail where he was held last night practically incommunicado.

The J. Al Pattison Lumber company has maintained offices in the Morgan building, rooms 824-825. Mr. Pattison formerly lived at the Multnomah Amateur Athletic club, but also has maintained a residence at Cottage Grove most of the time.

The arrest of the lumberman was made by Deputy United States Marshal Tibbner, after he had been examined by federal representatives. Coincident with this examination a search warrant was issued and records in the office of the firm were gone over.

United States Commissioner Drake before whom Pattison was brought, immediately taken, fixed the bond at \$50,000, indicating that the amounts the accused man is alleged to have obtained by fraudulent processes are large. United States District Attorney Hanes admitted that the sum is "considerable" and that federal authorities, including a bank examiner, had gone into the case. Further than this he declined to give out information and also declined to permit interviews with the arrested man.

Mr. Pattison is charged in the information with "the offense of falsely making, altering, forging and counterfeiting bills of lading purporting to represent goods received for shipment through the several states of the United States, with intent to defraud and the offense of uttering and publishing as true and genuine such falsified, altered, forged and counterfeit bills of lading, and the offense of leasing and aiding in issuing and procuring the issuance and of negotiating and transferring for value such bills of lading with said intent."

Mr. Pattison organized the lumber company of which he is the head, in 1914. It has operating a mill near Harrisburg, Or., and is believed to have an interest in another small mill. A literature put out sometime ago by Pattison it is said the firm operates three mills in Oregon.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By adding at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe. Improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears. Another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

"To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from closing with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the jammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

CITY NEWS

Former Resident Here—
 T. Wandell, former Albany business man, was in Albany today on business. He is on the road for a Portland firm.

On Business Trip—
 Ed Dorgan went to Portland this morning on a business trip.

On Way to Berlin—
 Mr. and Mrs. J. Dellarhandler of Portland were in Albany overnight and left today for Berlin, Oregon, to visit friends. They are making the trip in their car.

Transient Business—
 D. E. Nebergall went to Portland yesterday to transact business. He is home today.

Here Overnight—
 Frank Swander and wife of Oyster-ville were in Albany overnight on their way to Lebanon.

Hiked to Corvallis—
 Miss Grace McCalley, Miss Lois Nebergall, Miss Viola Kroschell and Miss Thelma Burnett hiked to Corvallis yesterday and returned last night on the train.

To Hear Schumann-Heink—

Save Your Worn Tires
 You Can Get 5,000 to 10,000 More Miles out of them by using Gates Half-Sole Tires. We will put them on for you and change your old tires into new ones at about one-half the price you would have to pay for new tires.

Your tire comes into our plant, worn and scarred from service, and we deliver it back to you—the same tire—made oversize and with a brand-new non-skid tread of fresh rubber. Not a square inch of your old tire will be in sight, and you will not be able to tell it from a new tire.

GATES HALF-SOLE TIRES
 Are absolutely guaranteed for 3,500 miles of wear without a puncture—and many users are averaging from 5,000 to 10,000 miles. You cannot get this kind of guaranteed service from any tire on the market without paying two or three times the cost of a Gates Half-Sole Tire.

LET US SHOW YOU
 Don't throw away another worn tire until you have investigated the Gates Half-Sole. If you are paying the tire bills you will be interested and we are ready to show you how to keep in your own pocket a big part of the cost of new tires and get better tire service than you have ever had before. We guarantee it.
