SOCIETY

BEATRICE SANDERS
Society Editor
Bell 481-J.

Miss Elizabeth Levy, who is violin instructor at the Albany College Conservatory of music, presented a ten-year-old violinist in recital in Salem last month. A delightful program was rendered by Winona Claire Smith, who is considered the best violinist of her age in Marion county.

Little Winona has received all her instruction from Miss Levy. The program rendered required technical skill and was played from memory with expression and singing tone. "The Rodeo," and "Beethoven's Minuet in G" were repeatedly encored. All her neighbors received much praise and applause. Miss Mildred Brunk was piano accompanist.

Assisting on the program were the junior members of the violin ensemble, composed of 24 of Miss Elizabeth Levy's students, who were a special feature of the musical program of the Oregon State Fair.

Mrs. Justin L. Bray entertained a number of her friends at an old-fashioned quilting Thursday afternoon at her home on the Corvallis Road, North Albany. After a few hours of quilting, the hostess invited her guests to the dining room where a daintily appointed table was spread.

The place favored with butterflies from Bath Maine. Other decorations were candles from Oregon and tin red Oregon ones. After a delicious luncheon the remainder of the afternoon was spent in conversation.

The favored guests were, Mesdames J. W. Bond, F. R. Dudley, J. C. Hall, O. L. Hendley, J. G. Medley, Chas. Walker and J. R. Rainwater.

Mrs. Bray was assisted in serving by Miss Ethel Hoadley.

In honor of Mr. Henry Vollstedt, who left this week for Los Angeles and Southern California, a little dinner was presided over at the Hotel Albany Wednesday evening by Mr. A. C.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't say "gray"! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. It dampens a sponge or soft brush with it and draw this through your hair, taking only small strands at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, seced into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetaminol, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

Schmitt. Places were arranged for about six young gentlemen friends of Mr. Vollstedt at this prettily appointed affair.

The wedding of Miss Bertha Worrell and E. W. King was an event of Tuesday of this week, the service taking place at the home of the bride at 11 o'clock. Rev. G. H. Young performed the ceremony which was witnessed by only a few friends and relatives.

Mrs. King is a well known and popular young lady of Albany and the groom was employed for some time at the Ralston Electric Co. and is now employed in Marshfield, where the couple will make their home.

Dr. and Mrs. Earl Fortmiller arrived in Albany this week from Bremerton. Dr. Fortmiller received his discharge from the navy, where he had been serving in the medical department.

Mr. and Mrs. Don McGlashan returned to San Francisco this week on Wednesday, after spending a week in Albany. Mr. McGlashan expects to receive his discharge from the army in the near future. He has been stationed at the government printing office at Camp Fremont for the past year.

On Wednesday of this week several girls hiked to Corvallis and returned on the evening train. Those who enjoyed the walk were Miss Lois Nebergall, Miss Viola Krosschell and Miss Thelma Burnett.

Several parties of Albany people went to Portland this week to hear Madame Schumann-Heink.

Miss Ruth Fisher of Salem, formerly of Albany, passed the week in Albany visiting friends, and returned home last night.

Another jolly group of girls took a long hike on Tuesday of this week, going to Jefferson and spending the afternoon at the home of Miss Eulah Kotthoff. Miss Vieta Manning, Miss Dorothy Michelson and Miss Helen Nebergall enjoyed the walk.

Miss Dora Stewart entertained Friday evening in honor of Wm. Laubner, Jr., who is home on a furlough from Kelly Field, Texas. Games and dancing occupied the evening. Choice refreshments were served. The guests were as follows: Mr. and Mrs. Ed Doty, Mr. and Mrs. Geo. Anderson, Mr. and Mrs. Jas. Caldwell, Mr. and Mrs. Ray Gourley, Alfred, Charlie and Robert Dodge, Willie and Geo. Laubner, Franklin Stellmacher, Chester Anderson, Curtis Doty, Miss Bertha Beck, Miss Inez Peterson, Misses Florence and Olivine Eastman, Miss Dora Stewart and Mr. and Mrs. Henry Stewart.

The Thursday club of Riverside was entertained at the home of Mrs. Henry Stewart. Fancy work and conversation were the pastimes. A dainty lunch was served.

Misses Rita and Doris Dowlin of Marshfield, formerly of this city, are visiting friends in Albany. Many informal little affairs have filled the week's hours with diversion in their honor.

Miss Corintha Hart will spend the week-end in Corvallis as the guest of friends.

RHEUMATISM

If you have Rheumatism in any form or stage, procure a Package of TRUSLER'S RHEUMATIC TABLETS of our Agent in Albany, Ore.

Weather Report—
Yesterday's temperature ranged from 51 to 58 degrees. The rainfall was .20 inch and the river raised to 11.2 feet. The river at Eugene has reached 9.5 feet and is still rising, and the river at Albany is expected to reach the 15 foot mark by tomorrow. This is the highest mark reached by the river this season, but a high flood is not predicted at this time by the weather man.

Proven Tires SAMSON TIRES

STRINGENT TESTS have proved the superior character of Samson Tire construction. We could save money by using inferior materials, but we prefer to build Samson Tires on a foundation of honor and integrity. Better quality and greater quantity of materials, and scientific, proven structural advantages, give Samson Tires their remarkable durability. Big institutions—concerns that demand the utmost in tire service—are frankly endorsing Samson Tires. The Samson is gaining an ever-widening circle of friends because of its rugged, giant-like strength and its seeming imperviousness to terrific road punishment.

Samson mileage-cost has been brought to an irreducible minimum—ask any Samson Tire user. The demand for these tires is steadily exceeding our utmost present ability to produce. The constructors of Samson Tires are master-specialists. Each workman was chosen for his particular skill in some certain phase of tire construction. These long experienced men are supplied with the purest and costliest grades of materials that cash will command. The cross section of a Samson Tire reveals an unusually tough, thick tread. This tread is made of specially compounded rubber, designed to meet Oregon road conditions.
