**VALUE OF KNOWING ENGLISH**

**Fewer Accidents Among Workmen When They Have an Understanding of the Language.**

A reason for Americanization, as carried on in factories and shops, is that it not only makes the employees better citizens and more efficient workmen, but protects them against accident. The department of labor has published an analysis of the experience of a large steel plant during eight years. For each 10,000 American born workmen in eight years, 21 were killed, and for each 10,000 non-English speaking foreign born 26. The figures for permanently disabled, 28 and 35, respectively, show greater discrepancy, and those for the temporarily disabled, 858 and 2,035, one greater still. Moreover, while from year to year the frequency of accidents among English speakers decreased, it was much less affected among non-English speakers, and the average severity of the temporary disabilities was greater among the latter.—New York Evening Post.

**Pepper Highly Valued.**  
 Pepper was so highly valued in ancient times that many bags of it were included in the store of spices which the queen of Sheba brought to King Solomon as a gift when she paid her memorable visit to him.  
 Even more interesting is the fact that ancestors of the Germans of today, when they ravaged Italy and captured Rome, demanded several hundredweight of pepper as part of the ransom of the Eternal City.  
 It is, of course, black pepper that is here spoken of. The plant that yields it is known to the botanist as *Piper nigrum*—whence, presumably, the name of that famous Peter Piper, who, in a moment of horticultural enthusiasm, picked a peck of peppers.

**PRINCE ALBERT**  
  
 YOU can't help cutting loose joy's remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttie full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!  
 It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. That's because it has the quality.  
 Quick as you know Prince Albert you'll write it down that P. A. did not bite your tongue or parch your throat. And, it never will! For, our exclusive patented process cuts out bite and parch. Try it for what ails your tongue!  
 Tippy red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.  
 R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

**Proven Tires**  
**SAMSON TIRES**  
 STRINGENT TESTS have proved the superior character of Samson Tire construction. We could save money by using inferior materials, but we prefer to build Samson Tires on a foundation of honor and integrity. Better quality and greater quantity of materials, and scientific, proven structural advantages, give Samson Tires their remarkable durability. Big institutions—concerns that demand the utmost in tire service—are frankly endorsing Samson Tires. The Samson is gaining an ever-widening circle of friends because of its rugged, giant-like strength and its seeming imperviousness to terrific road punishment.  
 Samson mileage cost has been brought to an irreducible minimum—ask any Samson Tire user. The demand for these tires is steadily exceeding our utmost present ability to produce. The constructors of Samson Tires are master-specialists. Each workman was chosen for his particular skill in some certain phase of tire construction. These long experienced men are supplied with the purest and costliest grades of materials that cash will command.  
 The cross section of a Samson Tire reveals an unusually tough, thick tread. This tread is made of specially compounded rubber, designed to meet Oregon road conditions.

**MANY CASES OF RHEUMATISM NOW**  
 Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat  
 Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.  
 Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.  
 At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.  
 Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
