BECAUSE the WOMEN of Oregon do so much of the buying for Oregon homes, the responsibility for this movement for a "Greater Oregon" rests with them in a very large way.

The degree of our success will depend on the extent to which Oregon's women WILL use home products.

The Brunswick

ALL PHONOGRAPHS IN ONE

Why Brunswick Tone Reproduction Is Best

The Brunswick "Ultona" All-Record Reproducer and the new All-Wood Tone Amplifier—two improvements in phonographs pronounced by many the greatest in years—are responsible for the wonderful tone of the Brunswick. Both of these improved features can be had in the Brunswick only. And both are integral parts of the instrument—not attachments in any sense. The Brunswick "Ultona" Reproducer plays all records at their best. Just a turn of the hand adapts it to any make of record, assuring the proper position on the record, the precise weight, and the required point—sapphire ball, diamond, steel, etc. The "Ultona" is the only reproducer that fulfills these requirements, which are necessary to properly play all makes of records on any machine.
