### HIGH TOTAL FOR 1918 FOREIGN TRADE

Heavy December shipments brought the total exports for 1918 to \$6,150,000,000, a decrease of only \$33,000,000 from the 1917 total, according to an announcement by the bureau of foreign and domestic commerce, department of commerce. Imports for the year totaled \$3,031,000,000, or not quite half the exports. Imports for the previous year were valued at \$2,952,000,000.

Exports for December, the first full month after the signing of the armistice, reached a total of \$566,000,000, a decided increase over the \$522,000,000 recorded for November, although not up to the high mark of \$600,000,000 for December, 1917.

Imports for December, however, were low, being \$211,000,000, against \$251,000,000 for November and \$222,000,000 for December of the previous year.

Imports as well as exports of gold continued to decrease, the imports amounting to \$62,000,000 in 1918 as against \$552,000,000 in 1917 and the exports to \$41,000,000 and \$372,000,000 in the same year.

Imports of silver increased from \$53,000,000 in 1917 to \$71,000,000 in 1918. The exports of silver during December, 1918, amounted to \$48,000,000, a lesser amount than in any month during the past three years. For the calendar year, exports of silver amounted to \$253,000,000 in 1918 against \$84,000,000 in 1917.

### DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
