Strikers Will Go Back to Their Jobs Tomorrow

SYMPATHETIC STRIKE IN BEHALF OF SHIPYARD WORKERS PLAYS ITSELF OUT IN SEATTLE; TACOMA STRIKE OVER AND UNIONISTS RESUME WORK.

Many Unions Return to Work in Seattle and Strike Committee Votes to Call Off General Walkout After Long Session; Radical Leaders Lose Control of Labor.

SEATTLE, Feb. 10.—By United Press.—It is officially stated this afternoon that the general strike of 40,000 workers will end tomorrow noon.

SEATTLE, Feb. 10.—U. P.—The general strike committee began its sessions at 9 this morning. It is predicted that it will today set the hour for the termination of the sympathetic walk-out.

Restaurants are gradually reopening, though the majority are still closed, due to the lack of union help. Theaters will open tonight, the theatrical organization being the latest to discontinue striking.

The breaking point in the strike occurred Sunday morning when the car men resumed their runs. Conservative members of the general strike committee hope to end the strike today. The hope to have every union man with the exception of the shipyard workers working within 24 hours.

TACOMA, Feb. 10.—The attempt at a general strike died here at 8 this morning, when all unionists not affiliated with the metal trades council returned to work.

ROD AND GUN CLUB TO BE ORGANIZED

Local Sportsmen Plan Association for Promotion of Interests of County

Albany is to have a Rod and Gun club. Through the efforts of Ed Hawker, district state game warden; C. C. Hall, supervisor of the Santiam Forest, and other enthusiastic sportsmen of this vicinity, a move is on to complete the organization of such a club at an early date.

After interviewing a number of prominent sportsmen these who are fostering the organization feel greatly encouraged and state that the definite formation of the club is a matter of formality. A meeting will be called in the next few days to be held in the armory, when officers will be elected and plans formed for carrying on the work of the organization.

With an efficient rod and gun club in good working order local sportsmen will be enabled to secure trout fry for stocking streams in this vicinity, birds for liberating in the fields and will be in a position to advocate laws for the protection of game and for the betterment of the sport.

Those interested are requested to call on John Neeley, at the Hauser Bros. Gun store; Frank Horsky, at the Horsky Tire Station, or W. G. Ballack at the Hullbert & Ballack Hardware store.

TRENCH WARFARE IN MOVIE IS REAL ENOUGH FOR SURE

Trench warfare, as depicted in "Too Fat to Fight," the Rex Beach picture produced for Goldwyn which comes to the Globe Theater Tuesday, Feb. 11, is different from similar mimic scenes flashed on the screen. Hobart Henley, chosen by Rex Beach to undertake the production of his newest work, always can be depended on for that.

Rex Beach devoted particular attention to the trench scenes. They must be absolutely real, said the author, with no sacrifice of what some people call the horror of modern warfare. Without this quality a Rex Beach play would lose in the strength people have come to link with his name.

"Too Fat to Fight," replete as it is with scenes in the trenches, is in no sense a war play. It is a patriotic comedy of purpose and punches, as timely as a Liberty Bond and as absorbing as the latest war news. But the trench scenes are an important episode.

TROOPS IN BUTTE DISPEL STRIKERS

Returned Soldiers Declared to Be Singing German Songs; Police Off

BUTTE, Feb. 10.—By U. P.—United States troops drove returned soldiers and strikers at the point of their bayonets from the I. W. W. Hall here today.

Two men and one woman were slightly hurt by bayonet thrusts.

It is alleged the strikers and returned soldiers were singing German songs.

The mayor announced this morning that owing to a lack of funds in the city treasury he would lay off all firemen and policemen at noon.

The streetcar men took their cars to the barns at 7 this morning.

If the mayor executes his threat regarding the police force, Butte will be left with only the protection of U. S. troops at a time when a general strike threatens, similar to that at Seattle.

Mrs. Norman Hinder Dies After Short Illness; Two Little Sons Survive

Mrs. Mary Cecelia Hinder, wife of Norman Hinder, died at the family home in Seilo Sunday evening after a short illness. Mrs. Hinder was in her youth, being but 23 years old. She was born in Maine May 7, 1895, and has been a resident of this city for the last eight years, coming here from Maine with her parents.

She was the second of a family of ten children of Mr. and Mrs. L. A. Woods. Her father, Lieutenant-Commander Woods, is stationed at Bremerton, Wash. in the U. S. navy, and a brother, Charles, is on the Atlantic in naval service, probably bound for South America at the present time. FATHERS AND SONS TO HOLD BANQUET

Annual Affair to Be Pleasant Gathering on Night of Lincoln's Birthday

The annual Father and Son Banquet will be held in the large dining room of the St. Francis hotel on Wednesday evening, Lincoln's birthday, at 7 o'clock. There will be good eats, good music and wideawake talks. It is expected that fully 200 or more will sit down to the tables, and a jolly time is looked for.

The Father and Son Banquet has become a national custom in this country, particularly so since the war started. The purpose of the occasion is to bring the father and son closer together, to assist them in understanding each other better. The custom was originally started by the Y. M. C. A., but is now being observed in localities where there is no Y. M. C. A.

Good Speakers for the coming Father and Son banquet will be Editor Moore of the Gazette-Times of Corvallis, and Dr. D. V. Poling, who is in charge of the S. A. T. C. at the Oregon Agricultural college. Mr. Moore just returned from a three years' stay in France, where he was engaged in Y. M. C. A. hut work; and Mr. Poling's deep interest in young men is well known in this community, as he was at one time pastor of the local Congregational church. Neil Poy, a noted tenor singer of Portland, is expected to furnish music.

Any father having a son that is of school age or older is urged to attend this banquet. No matter how old the son or the father is, just so the son is old enough to be of school age—all are welcome. If there are any men in Albany who are interested in boys and young men and have sons of their own, and are willing to take some boy with them to the banquet, they, too, are welcome. In some instances the boys may find it convenient to take their fathers to the banquet.

Soldiers Urged to Attend

The returned soldiers from France and from the army training camps will be the guests of the committee, and will be admitted without ticket. They are asked to appear in uniform, and to give their name to some member of the undersigned committee, or leave it at one of the drug stores in Albany on or before Tuesday evening, February 11, so as to give ample time to make the necessary preparations.

Tickets for the banquet will be on sale by the members of the committee as well as in all the drug stores, including the East End Drug Store, at 50c per plate, and tickets should be purchased or engaged not later than Tuesday evening, February 11. There is no creed or denomination connected with this occasion. The only requirement is that every father or someone accompanied by his son or someone else's son, and they should sit together.

Though he has spent most of his time elsewhere the past few years, Talbert has retained his legal residence in Albany, where he was arrested and voted here.

At the last general election he was the socialist nominee for representative in congress from the first district, being listed as a resident of Linn county, and for several years past he has appeared at almost all elections as a socialist nominee for some office in his district.

LINN DELEGATION TO GO TO SALEM

Claims of County for Paved Road from Jefferson to Albany to Come Up

With County Judge W. R. Bilyeu and Commissioner T. J. Butler in attendance, the matter of the proposed pavement of the Pacific Highway from Jefferson to Albany was taken up at the Monday Round Table club at noon today and resulted in the appointment of a committee consisting of Senators Garland and Cusick and Frank J. Miller, who will present the claims of Albany and Jefferson before the road committees of the senate and house.

It has leaked out that there is a movement on foot to railroad a bill through the legislature which would have for its purpose the abandonment of the work on the Jefferson-Albany road until such time as work on the West Side is completed.

Both Judge Bilyeu and Commissioner Butler asserted that the county court stands ready to grade the road as far south as Albany and it is known that the members of the state highway commission are strongly in favor of this work being completed at an early date.

ALBANY DRENCHED BY COPIOUS RAIN

Willamette Valley Gets 3.15 Inches Rain in 48 Hours; Basements Flooded

***** Tonight and Tuesday - R-A-I-N *****

The Willamette Valley is experiencing a copious drenching at the hands of old father Jupiter Pluvius. From 8 o'clock Saturday to 8 o'clock Sunday the precipitation was 2.36 inches, and from the latter hour to 8 o'clock this morning, .85 inch of moisture descended, making a total of 3.15 inches in two days.

During the same period, from Saturday morning to Monday morning, the Willamette river rose five feet, the gauge this morning registering 14 feet above low water. Small creeks all over Linn county are bulging from their beds and lowlands are flooded. F. M. French, local forecaster, does not anticipate any extreme high water in the larger streams.

In the city basements in the district around West Ninth and south of Broadbalkin are generally full of water and at Central School classes were dismissed for the day on account of three feet eight inches of water covering the firebox in the furnace room. With no heat and with danger of a renewal of the influenza epidemic, 430 students are excluded from classes for at least one more day.

It is believed that the worst part of the storm is over and that the basements will gradually drain out today as the sewers are able to carry off the surplus water.

From an economic standpoint, farmers state that the rain will be of immense value to them in supplying moisture for growing crops.

TAXIS RESUME SERVICE

Seattle Has Defeated Bolsheviki Attempt at Revolution, Declares Mayor Hansen; Overthrow of Government Is Thwarted.

The taxicab and jitneybus drivers have resumed. The executive committee of 37 Seattle organizations which united to preserve law and order, issued a statement today saying: "Seattle has defeated the attempted Bolsheviki revolution," adding that the mayor and chief police, with the great majority of citizens standing back of them, thwarted the "attempt to inaugurate a reign of terror which the conspirators hoped would spread to every city in the United States and accomplish the overthrow of the government. The sympathetic strike is disintegrating; streetcars are running all over the city; newspapers are publishing as usual and an aroused city is determined that no small percentage of alien Bolshevists who gained temporary control of the leadership of union labor, shall longer block the wheels of industry and channels of trade."

Spokesman Ault of the strikers issued a statement declaring: "Practically all unionists are standing pat." He denied that Bolsheviki are in charge of the Seattle labor movement.

Senator Chamberlain did not make a definite statement as to what action he would pursue, but Congressmen Hawley and McArthur declared themselves in favor of a return to private ownership under government supervision.
