INTERESTING NEWS HAPPENINGS FROM TENNESSEE SECTION

LEBANON, Feb. 12.—Special.—C. Albrecht has leased his farm to Linn Hollingsworth, who will take charge in a few days. Mr. Albrecht will move to Lebanon to reside.

Mr. Davidson, recently from Nebraska, has taken a three years' lease on the farm of Parker Brothers of Albany. The farm consists of 150 acres and is situated three and one-half miles south of Lebanon; and is known as the John Carter farm. Mr. Davidson is much pleased with Oregon climate and thinks he will like the country. He will soon send for his family who are still in Nebraska.

Arthur Burckhart, who has been working on a grubbing contract for Ben Kessler, was attacked with acute neuritis Friday and two physicians were called to attend him. He is reported better.

Lieutenant Frank C. Hart of the medical corps from overseas duty, and wife, Dr. Ethel N. Hart of Portland; also Ralph Waiters from Portland, were here to attend the funeral of Edgar Waiters, who passed away last Wednesday. The funeral was largely attended by many friends and relatives.

Elsie Butler, wife of Charles Butler, died of influenza in Lebanon Tuesday night. She was a daughter of L. A. Turker.

Mrs. Parker and Mrs. Myrtle Owen returned Sunday from a visit with relatives near Thomas.

Mrs. George Lee, who went to Lebanon to care for the Greenwood family, was taken very ill with influenza and has not been able to be removed to her home at this writing.

WOMEN ASKED TO SHARE BURDENS IN FIFTH LOAN

Mrs. Baldwin, Liberty Loan Chairman, Says Closer Cooperation With Men

Mrs. A. S. Baldwin, chairman of the Women's Liberty Loan Committee of the Twelfth Federal Reserve District, sends the following appeal to Western women to stand fast by the government in the Victory Liberty Loan:

Having responded ungrudgingly to the government's calls in the past, and victory having come to us because of this, shall we hesitate for a moment to respond to the last call—the Victory Liberty Loan, when we can do so by plighting our credit perhaps with some little personal inconvenience, sacrifice or small discomfort?

The credit and good faith of our country are now at stake. We have

MRS. A. S. BALDWIN

said to those at the helm: "Go ahead. Win the war at any cost." We have won the war, and the cost is small compared with what has been won.

This last call is truly a Victory Loan. What greater pride can men and women experience than in contributing to it? A Victory Bond will be worth more than its price expressed in dollars. Every one will be a helper testifying that the holder has helped his country to fulfill its pledge to those who have been spared as well as those who have made the supreme sacrifice.

At the joint conference of the Men's and Women's Committees called by Mr. James K. Lynch of the Federal Reserve Bank of the Twelfth District, it was decided that in the campaign for the Victory Liberty Loan, the men and women should coordinate their work. With this in view I appeal to all women members and workers who have so earnestly and steadfastly labored in the past, to give their undivided time and efforts when called upon, as they will be shortly, to join with the men in making this last Liberty Loan an overwhelming success. I have every confidence in the outcome of the Victory Loan, especially with the help which will come from the united efforts of the men and women workers of the Twelfth Federal Reserve District.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or clog your head, no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of Limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so Limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
