DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions. It is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no yawning, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

WOMEN PROVE TO BE GOOD WORKERS AT HAMMOND MILL

By J. R. Geddes

MILL CITY, Feb. 20.—There are 25 or 30 women working in the big mill. The men say that they do their work as well or better than the men.

The average woman does any work that she can do as well or better than the man.

Good-natured Jim Van Winkle has left us. There is a vacuum that can't be filled. He is an expert accountant and hard to beat.

D. C. Goodman of Gooch died from the effects of influenza. He was a hotel proprietor.

Several young folks of Mill City attended the dance at Gates Saturday. Mrs. Gregory of Kings Prairie furnished supper.

The Hammond Co. is preparing to resume logging in the mountains. The company has never had a strike. It speaks well for the concern or the men, or both.

Lewis Trask returned to his job with the company after the burial of his wife at Fox. The Trasks are of a pioneer family.

Edward Trask was reapointed road overseer for the Mill City and Lyons district and S. Bassett for the Rock Creek district. Rock Creek district voted \$2,000 special road tax and the Mill City district some over that.

The auto trucks have torn much of the hard surface roads to splinters. Our roads were splendid for horse vehicles but trucks are road smashers.

Mr. and Mrs. J. L. Turnidge have gone to Washington, hoping to benefit his health.

Bert Turnidge bought a five weeks old calf from Roy Cole of Kingston. Price \$175. How is that for a calf?

Clarence Lewis came home recently with a broken arm. Accident at school.

Floyd Shephard, a neighbor boy, was running a motor for the lumber company hauling loaded trucks across the river; when crossing the railroad a logging engine struck the motor and dinged it. Floyd fell on the center of the track. He had the presence of mind to flatten out on the ground.

When the engine was stopped he was pulled out from near the firebox. He was in the hospital a week, at home two weeks and is back on the job. He is a fine boy and all are glad it was no worse.

Opens New Shop—

HAMILTONS'**CITY NEWS****Knew Senator Hornbrook—**

C. J. Lisle, of Salem, stopped over in the city today on his way home from Corvallis, where he accompanied his son, Everett W. Lisle, who is taking examinations for admission to the U. S. Naval Academy at Annapolis. Mr. Lisle is an old friend of Will H. Hornbrook, having been associated with him in political work in Idaho. During the years 1911-12, when Mr. Hornbrook was serving his county in the Idaho state senate, Mr. Lisle was

secretary of that body. During the war he was connected with the information department of the spruce production division. He is an old newspaperman and is still editing the Loyal Legion Bulletin, the official organ of the spruce division. He is a veteran of three wars, the Sioux uprising, the Spanish American War and the Philippine Insurrection, and proudly wears the colors of all three campaigns. He tried hard to get into active service during the world war but was rejected after almost succeeding in getting in.
