

Why Prices Go Up and Down

Much Livestock, Few Meat Buyers; Meat Prices Fall

Little Livestock, Many Meat Buyers; Meat Prices Rise

This shows why prices fluctuate. The number of animals shipped to market varies from week to week. The demand for meat also changes frequently, and often unexpectedly.

This means that live-stock prices and wholesale meat prices change from day to day. Competition determines prices so that the supply on hand at any one time is just taken up by the demand.

Swift & Company doesn't like these price changes. We have to use the utmost skill in buying and selling in order to get our average profit of a fraction of a cent per pound of meat.

Dies in New York City—

Mrs. William Pollack received, this morning, a telegram conveying the sad intelligence that Lee Wallace, a native son of Albany, passed away in New York City yesterday from the effects of having the typhoid fever. Mr. Wallace at the date of his death was serving in the navy and had just returned from his third trip across the ocean when called by death. Lee Wallace was born in Albany, his pa-

rents being Mr. and Mrs. Thom Wallace. He is survived by his mother and sister, Mrs. Vesta Wallace Fuller, who reside in Portland. He is also a nephew of Dr. J. P. Wallace of this city. No funeral announcement has been made.

Reception at Baptist Church—

The Baptist church will give a reception of welcome to the boys who went from the fellowship of the church into the service of the govern-

ment. This will occur Friday night, this week, at 8 p. m. All members and friends of the church and congregation are invited to be out.

Went to Washington, Ohio—

M. E. Brennenman, son of Mr. and Mrs. Dan Brennenman, who are on the road East, left yesterday for Wash-

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

RIFLE THAT BOONE CARRIED

Old-Fashioned Flint Lock Said to Have Been Brought to Wisconsin Town by Southerner.

Daniel Boone's rifle, a genuine old-fashioned flint lock, carried by Boone on many a perilous trip to the dark and bloody hunting ground of Kentucky and on his famous Indian hunting expeditions, was recently brought into a hardware store in a small town in southwestern Wisconsin for much needed repairs. It is now the property of a Mr. Raftier, formerly of Mississippi, who recently traded his 2,300-acre plantation for Wisconsin property and has moved his effects north. The rifle was given him by a doctor, to whom it had been given by an aged hermit living in the mountains of Tennessee.

The rifle is a formidable affair, a real "long rifle," one of the type that gave the nickname of the "long rifles" to our western frontiersmen. It has a barrel 40 inches long, is .45 caliber, a flint lock with a patchbox of inlaid silver, and weighs ten pounds. The end of the butt is set with a wild boar's tusk, and has the double or set trigger. On the side of the stock are carved with a jackknife the words, "Boone's Tru Fren," on the walnut stock the initials D. B. and five most significant and sinister notches, each notch standing for "one good Indian." At the lower end of the stock is a long and deeply cut gash said to have been cut by an Indian tomahawk thrown at Boone. What happened to the Indian is not recorded.

The rifle, badly broken in shipment, has been repaired and is now on exhibition.—Exchange.

ENDLESS CHAIN NOT MYSTICAL

Doctor Fighting Influenza Explains How Curative Serum Went From Patient to Patient.

The prevalence of influenza and pneumonia with their high death rate makes it imperative to resort to heroic methods of treatment rather than to follow the accepted ones only. The lack of serum or other specific remedy for influenza, writes Dr. Charles R. Humbert in the Medical Record, together with the inability to obtain antipneumococcus serum forced me to use convalescent serum.

The Endless Chain.—It is a well-known fact that persons convalescing from pneumonia have anti-bodies in their blood streams. As soon as the patients' condition permits, therefore, they are bled as much and as frequently as possible.

Serum is prepared and treated, and is placed in stock. When another patient comes in with pneumonia, treatment is begun. When convalescence sets in the above procedure is repeated. It is a case of one gives serum to two, two gives serum to three and so on, the procedure becoming endless.

What Happens to the food you eat?

During digestion certain kinds of food containing proteins, such as meat, egg white, milk casein, wheat gluten, etc., are split into many different substances.

Some of these the body uses to rebuild damaged or dead tissues; some, however, are not only useless and harmful but in some cases actually poisonous. Regular, thorough bowel evacuation gets rid of the latter.

Constipation permits stagnation and absorption of these poisons into the blood, with injury to the whole body.

Taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move does not—cannot cure constipation—but makes it worse.

On the other hand Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals, because Nujol is not a drug, does not act like any drug.

Nujol brings about a return to Nature's methods of supplying necessary lubrication of the bowel contents, by facilitating intestinal muscular action, by absorbing poisonous matter, and thus securing necessary cleansing of the intestinal canal and protection of the defensive properties of the blood itself.

Nujol has no deleterious after effects, produces no bad habits, makes the bowels regular as clockwork.

Nujol is efficient at any age—under any conditions—is satisfactory and safe.

How and Why Nujol overcomes constipation is described in an interesting and authoritative booklet, "Thirty Feet of Danger" free on request. Send for it and get a bottle of Nujol from your druggist today.

Nujol Laboratories

STANDARD OIL CO. (NEW JERSEY) 50 Broadway, New York

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists in U. S. and Canada. Insist on Nujol. You may suffer from substitutes.

No Two Ways About It

—the man who always does his work day in and day out with the consistent certainty that you can bank on, —brilliantly at times, but thoroughly always, —he is the sort of dependable man that you lean on for sure results.

Diamond SQUEEGEE TREAD Tires

—the tires with the red sidewalls, —are just like that sort of dependable man: —they have the rugged, robust tenacity, —the grim road determination, —that does a great deal of honest, hard work.

If you want a tire that will make you come back for more, buy one DIAMOND.
