**SAGE TEA KEEPS
YOUR HAIR DARK**

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

12 WAR TANKS TO ADVERTISE VICTORY LOAN

Each Pacific Coast State to
Get at Least One Tank to
Aid Fifth Drive

Twelve tanks which have been assigned to the Twelfth Federal Reserve District for use during the Victory Liberty Loan drive opening April 21 have been assigned to the seven states in the district so that each state in the district will get at least one of the tanks to display during the campaign. The tanks have been assigned as follows: Two to Washington, one to Oregon, one to Idaho, one to Utah and to Nevada, two to Northern California and two to Southern California and Arizona. The remaining two tanks are to be carried on special trophy trains which will tour the district.

Tanks in Sham Battle

Veterans of the American Expeditionary Forces who have seen actual service in France will be the drivers of the tanks during the campaign. Before being distributed throughout the district for the opening of the campaign the tanks will parade in San Francisco and give a sham battle.

All of the tanks are being shipped from the East direct to San Francisco. They are due to arrive there about April 6 when they will be taken to a four acre tract near the Southern Pacific freight yards and assembled by the men who are to drive them. Each of the tanks will be armed with a Maxim machine gun or 37 M.M. smoke bombs with special pistols and lights.

Display of War Relics

In addition to the tanks the special trophy trains will carry a complete display of relics which have been gathered on the battlefields of France and which have been shipped back to this country since the signing of the armistice. Accompanying each of the trains will be an American war hero who will speak for the Victory Loan. One of the trains will tour the Northwest and the other will travel through California and the Southwest.

REOPEN PRIVILEGE FOR CONVERSION OF LIBERTY BONDS

Indefinite Extension of Time
Granted by Secretary Glass
on Earlier Loans.

The privilege of converting Liberty Loan bonds of the first and second issues into bonds of the later issues bearing a higher rate of interest which expired November 9, 1918, has been reopened by the secretary of the treasury for an indefinite period, which may be ended at such date as may be fixed by the secretary on six months' public notice. This conversion privilege applies to 4 per cent bonds of the first and second issues into 4 1/2 per cent bonds.

The conversion may be made by surrendering the bonds now held to the Federal Reserve Bank at San Francisco, accompanied by a "request for conversion," on an application blank which will be mailed from the Federal Reserve Bank.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Not less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

TIBET OPEN TO CHRISTIANS

Officials Have Invited Missionaries to Enter Freely into the "Forbidden Land."

These disciples of Christ who interest themselves in foreign missions are amused over an invitation coming to American disciples from Tibet, according to the Boston Evening Transcript. This land, occupying the "roof of the world," has heretofore been practically closed to all foreigners. That it has been so was due, so Tibet officials tell American disciples, to the influence of China. Now Tibet has thrown off Chinese control and one of its first acts is to appeal for Christian missionaries. The disciples have a mission station at Batang, one of the farthest west cities of China, nearly 3,000 miles up the Yangtze river.

A venturesome American doctor, sent out by the disciples, journeyed 18 days farther west, getting into Tibet and into a city wherein disease in its worst form, unattended and not understood, ravaged the people. The doctor set up an impromptu clinic and dispensary. The relief was so great that one of the highest civil officials in all Tibet begged him to stay, or if he could not do so to return, build a hospital and official Tibet would help him.

Now the disciples argue that here is a call they are not at liberty to ignore. Their missionary society has acted to this effect. An appeal has been made for four families, two of them physician families, to go. It is said there are no hospitals, no churches, no schools, no Christian agencies of any kind in that country of 4,000,000 people. American manufactured goods are beginning to reach Tibet and Scotch whisky has been there for a decade or two.

OLD BOXER DIES ON FIELD

Dick Burge, Once Well Known in This Country Met His Death Fighting in France.

Late Private Richard Burge of the First Surrey rifles never was a quitter, and despite the fact that he was at the half century mark, he enlisted and died the death of a soldier. He was once the lightweight champion of England, and was born December 19, 1865.

Dick Burge was a name well known to the fight fans on both sides of the Atlantic 20 years or so ago, chiefly because of his remarkable battle with Kid Lavigne for the lightweight championship of the world. Dick was several inches taller than the Saginaw Kid, and he had a considerable advantage in weight, but, much to his surprise and that of the English fans, he was knocked out in the seventeenth round. He gave a good account of himself before he fell, however, and there were times when the Kid had reason to fear that he had taken on too good a man. After Burge quit the ring he became a fight promoter. That was in 1900. He enlisted as a volunteer in the British army in 1915 and served with the colors for three years. —Detroit Free Press.

Visited in Shedd—

Mrs. A. B. Dunlap returned home today from Shedd after a visit with relatives.

Oldest of Six Generations—

Mrs. Jane Hogue died in Monmouth Illinois March 18, at the age of 99 years. Mrs. Hogue was the oldest of six generations, she being the aunt of the late Mrs. Mary Powers of Albany, also an aunt of H. A. and C. P. Hogue, former pioneers of Linn county. The picture of six generations, including Mrs. Hogue as the eldest, was taken about three years ago and appeared in the Oregon Journal. S. B. Powers, a prominent pioneer of Shedd, is a nephew of a niece of Mrs. Hogue.

Eight Hoboes Sent South—

Eight more birds of passage roosted in the city cooler last night and were instructed by Chief Catlin this morning to pass on. They were all I. W. W. bound for Southern California. Kings Valley Store Robbed—The safe in the Kings Valley store was blown open Sunday night and a number of war stamps and bonds placed on deposit by customers of the store were taken. Crowbars stolen from the railroad and some high explosive were used. No trace of the criminals to date has been found.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.
