May Give Russians Food PARIS, Apr. 11.—The "big four" today considered the proposal for selling food to Russia, it is learned from reliable sources. What decision was reached, however, could not be ascertained.

Bavaria Not Included BASLE, Apr. 11.—The allies notified the German government that Bavaria will not be included in the peace treaty, a Stuttgart dispatch reported today. Such action would be regarded as a virtual recognition of Bavaria, though not necessarily of the new soviet regime.

CHRIST IS SAVIOR OF ALL THE WORLD

John 1:35-51 25 Again on the morrow John was standing, and two of his disciples; 26 and he looked upon Jesus as he walked, and saith, Behold, the Lamb of God! 27 And the two disciples heard him speak, and they followed Jesus. 28 And Jesus turned, and beheld them following, and saith unto them, What seek ye? And they said unto him, Rabbi (which is to say, being interpreted, Teacher), where abidest thou? 29 He saith unto them, Come and ye shall see. They came therefore and saw where he abode; and they abode with him that day: it was about the tenth hour. 30 One of the two that heard John speak, and followed him, was Andrew, Simon Peter's brother. 31 He findeth first his own brother Simon, and saith unto him, We have found the Messiah (which is, being interpreted, Christ). 32 He brought him unto Jesus. Jesus looked upon him, and said, Thou art Simon the son of John; thou shalt be called Cephas (which is by interpretation, Peter). 33 On the morrow he was minded to go forth into Galilee, and he findeth Philip; and Jesus saith unto him, Follow me. 34 Now Philip was from Bethsaida, of the city of Andrew and Peter. 35 Philip findeth Nathaniel, and saith unto him, We have found him, of whom Moses in the law, and the prophets, wrote, Jesus of Nazareth, the son of Joseph. 36 And Nathanael said unto him, Can any good thing come out of Nazareth? Philip saith unto him, Come and see. 37 Jesus saw Nathanael coming to him, and saith of him, Behold, an Israelite indeed, in whom is no guile! 38 Nathanael saith unto him, Whence knowest thou me? Jesus answered and saith unto him, Before Philip called thee, when thou wast under the fig tree, I saw thee. 39 Nathanael answered him, Rabbi, thou art the Son of God; thou art King of Israel. 40 Jesus answered and said unto him, Because I said unto thee, I saw thee underneath the fig tree, believest thou? thou shalt see greater things than these. 41 And he saith unto him, Verily, verily, I say unto you, We shall see the heaven opened, and the angels of God ascending and descending upon the Son of man.

By Rev. G. H. Young Golden Text—John 3:16. Lesson Text—John 1:35-51. Study the text, for in it there are two striking confessions: one that Christ is the Messiah; the other that He is the Son of God.

BOLSHEVIKI PLANS TO SPREAD WORLD WIDE REVOLUTION FOUND BY ALLIES

Plot to Seize Germany as Initial Step in Worldwide Revolution Is Made Public Officially in Paris

SCHEME IS TOLD

Once in Control of Germany Spartacans Would Force Allies to Occupy Country—Hope to Spread Creed

By Will Phillip Simms PARIS, Apr. 11.—Confirmation of the existence of a Bolshevik plot to seize Germany as the initial step in a worldwide proletarian revolution, have been received in government circles here, it is announced late today.

According to the available information the Bolshevik scheme is this: The Spartacans—with the possible acquiescence of the present German government—will assume administrative power in Germany during or immediately after the Versailles congress.

Once in control the reds will greet the allied demands with folded arms and an attitude of "Do what you like but as far as we're concerned we'll do nothing"—meaning they will refuse to pay indemnities or carry out any other peace terms.

The Spartacans hope thus to force the allies to occupy Central Europe with large armies, which they believe would embitter the allied peoples at some against their governments. With the allied forces in the interior of Germany the Spartacans would conduct active propaganda to convert the troops to Bolshevism.

Confident of success in this, the Spartacans believe the troops, returning to their own countries, would carry the seeds of revolt into soil made fertile by the miscarriage of the allied peace plans, their failure to secure concrete results from the win-songs were given and a general jollifying of the war, combined with the general social unrest of the world.

ANTI-SOVIET FORCE RETAKES WURZBURG AFTER BEING DRIVEN OUT OF NURMBURG

Premier Hoffman of Bavaria and Several Ministers Rally Army and Attack Soviet Government

PRISONERS CAPTURED

Berlin Situation Is Tense, but City Quiet Under Siege Conditions; Red Cross Given Special Protection

By Frank J. Taylor BERLIN, Apr. 10.—Wurzburg has been captured and Munich is surrounded by the forces of the deposed socialist government, according to today's news advices.

After retreating from Nuremberg to Bramberg, Premier Hoffman and several of his ministers in the late Bavarian cabinet are said to have succeeded in rallying a formidable anti-soviet army, consisting of soldiers, workmen and students. This large force retook Wurzburg from the Bolsheviks after a brief encounter yesterday. Most of the soviet officials and soldiers are reported to have surrendered. Another force surrounded Munich, completely isolating it.

In Berlin the situation is tense. The city is quiet, however, under siege conditions directed by War Minister Noske. The government has taken special precautions to protect the Red Cross mission, housed in the American Embassy. The square in front of the building bristles with machine-guns. Armed motor cars are constantly patrolling parts of the city.

ANOTHER INCREASE GRANTED TRAINMEN

More Than 400,000 Enginemen and Trainmen Get More Pay from Jan. 1

WASHINGTON, Apr. 11.—U. P.—Trainmen and enginemen on the national railways have been granted another increase by Director-General Hines. The order affects more than 400,000 employees and is retroactive to January 1. Employees claims for time and a half overtime were left to a bi-partisan board for decision.

Practically completing the 'war cycle' of wage advances, Hines gave the four great railroad brotherhoods increases ranging considerably above their 1917 wage scales.

TO RETURN YANKS FROM RUSSIA SOON

WASHINGTON, Apr. 11.—U. P.—Yankee troops in northern Russia will be assured by the war department that their tenure of Arctic service against the Bolsheviks will soon be over.

This is expected to quiet unrest among the soldiers, some of whom nearly mutinied several days ago as a climax to a long period of discontent at being held in service against the Bolsheviks, with whom they claimed America was not at war.

To Visit Parents—

James Ewing, who recently returned from service abroad, has gone to Eastern Oregon where he will spend a few days visiting with his mother.

TROPHY EXHIBIT TO BE SHOWN SAT.

Interesting Collection of Relics to Be at Armory from 9 Until 12:30 o'Clock

A. D. Wier, a Y. M. C. A. worker who spent more than a year in the fields of military activities on the Western Front, arrived in the city this morning on his way to Lebanon and Brownsville where this afternoon he is showing a collection of relics which he picked up on the battlefield. He is making a tour of the state in the interest of the Fifth Liberty Loan. He will return to Albany in the morning and the collection will be put on display at the armory from 9 until 12:30 o'clock.

While the collection is much smaller than that shown here in the trophy train it will be better from the spectators' standpoint, since it will be where many can see it at once, and he will give a talk describing the various articles and their connection with the war. The collection includes a large number of articles that illustrate the effects of war, small ordnance and many souvenirs of historic interest. It also includes some small arms carried by allied troops in active service. Mr. Wier tells of observations and incidents of the war in a most interesting way, and of personal contact with Oregon boys in service overseas.

Schoolchildren are especially invited and Mr. Wier will give a special lecture for their benefit from 11:30 to 12:30. Among articles to be seen are: Park taken from tree hit by Boche shell in air raid on Neu-Chateau, French knife, pieces of shrapnel taken from streets of Chateau Thierry, slate and marble from roof and altar of famous cathedral at Verdun, destroyed by Huns, German shell taken from streets of Verdun, American hand grenade, primer taken from French guns by Mr. Wier while guns were still smoking after firing on Germans in the Aronne, aerial darts dropped from airplanes, both cigarette lighter, souvenirs from Domremy, the home of Joan of Arc; German watch, and scores of other articles, some of which were here with the trophy train.

Action for Divorce—Clara Weist of Linn county filed complaint against Grant Weist today for divorce and the custody of two minor children, Cecil, age two and Clinton, age 4. The boys are with their father at Waldport, Oregon.

WEIDERS TO BUILD NEW MODERN PLANT FOR THEIR LAUNDRY AT SECOND & FERRY

Construction to Begin in Few Days and Building Ready for Occupancy by August Fifteenth

TO BE BEST IN VALLEY

Building Will Be Most Modern in State Outside of Portland and Include Many Conveniences

Announcement was made this morning by E. L. and C. H. Wieder that the contract for the construction of a new building for the Magnolia-Albany Steam Laundry will be let at once and the work on the building will start immediately. The lots on the corner of Second and Ferry streets belonging to Dr. W. R. Bilyeu, on which now stand the building occupied by Henry Suesens, the old Oregon Market, the old library building and the vacant lot adjoining, have been purchased, as well as the lot and building formerly occupied by the G. A. R., owned by Dr. C. V. Littler. This gives a quarter block 72 by 72 feet, from the corner to the alley.

The building will be of brick, one story in height and architecturally it will be an adornment to the property. It will be modern in every particular and arranged so that it will be the most convenient and up-to-date plant in the state outside of Portland. The investment totals over \$25,000. Plans were drawn by A. C. Jenkins.

The adjacent property will probably be further improved by wrecking the old, unsightly buildings now standing and the appearance of that neighborhood will be improved in general.

Some additions will be made to the already modern equipment of the plant. A new feature will be the heating of all the machinery by steam. The oil process requires gas for heating the ironing machines. But no fire will be kept in the main building. The boiler room will be in a brick building in the rear, making the plant absolutely fireproof.

It is expected that the plant will be ready for occupancy by August 15. The local laundry is now doing much work for surrounding towns and with its new equipment will be able to increase its output in this respect.

The proprietors are aware of the future possibilities of Albany and are showing their faith by setting an example for progressiveness and going ahead with betterments before business conditions actually press them into it.

ONEY WHETSTONE REPORTED IMPROVING

Oney Whetstone, who was injured yesterday afternoon about 3 o'clock when his team ran away at the Simpson The mill near Conser, is reported as getting along nicely today. An Albany physician was called and he was rushed to St. Mary's hospital, where an X-ray was taken and it was found that his right knee was fractured just below the kneecap and a number of ligaments torn, besides other injuries.

When the horses started to run Oney turned them into a stack of piling, thinking it would stop them, but instead they went on over, hitting a stump which threw him from the wagon. He clung to the lines and was dragged for some distance before the team could be stopped.

Whetstone is a formed member of the old fifth company and just recently returned from France with the 69th artillery.
