VICTORY LOAN OFF WITH FLYING START WITH TENTH OF QUOTA ALREADY TAKEN UP

Shedd Is First Linn County Town to Report Full Quota Subscribed and Wins First Honors

ALBANY IS WORKING

Local Banks Report \$38,450 Subscribed; Joseph Gro- shong Takes \$6,000 in Best Securities on Earth

The Liberty Loan opened with a rush this morning when Chairman W. L. Jackson received from Victor P. Moses, chairman of the Corvallis district, the subscriptions of several people from North Albany, which is included in the Albany district.

The names and amounts subscribed are as follows: H. Liehner, \$100; A. A. Dunbeck, \$50; Carl J. Hector, \$100; Julian Abraham, \$400; H. Hec-
tor, \$100; Charles Hector, \$300; A. Rickett, \$200; Alfred Abraham, \$400; H. C. Voss, \$100; Mr. and Mrs. Merritt, \$200; A. N. McKechnie, \$300.

Mr. Moses reports that the Benton county quota had been voluntarily subscribed on the evening of April 18. Up to noon today the local banks report \$38,450 subscribed. Of this amount the First National reports \$22,950; Cusick's Bank, \$10,000, and the Albany State bank \$5,500. The largest individual subscriber to date is Joseph Groshong, who bought \$6,000 worth of bonds through the Cusick bank.

Shedd First Over

The first Linn county town to go over the top is Shedd. Chairman J. C. Shedd this morning reported to County Chairman W. L. Jackson that the Bank of Shedd had underwritten the entire quota of \$14,625. At Lebanon the First National bank has assumed the responsibility of disposing of \$50,725 of that city's quota, but the president of the other bank has not returned from Portland, so a full report on that city is not available today.

The county chairman urges the people of Linn county to act promptly and make their voluntarily subscriptions. Already 27 counties had pledged their quotas by Saturday night and but a few more are to be heard from. Linn and the others should not withhold the honors of going over the top the first state in the union from Oregon. Iowa is working hard and promises to beat Oregon to it, but every effort is being made to complete the quota in time to win the honors.

Reports Are Encouraging

Three more Albany men are known to have landed in the U. S. since Saturday. Orville Montieth, who served with the 361st ambulance Co., landed in New York Saturday. Montieth went over with the University of Oregon hospital unit, which was organized and commanded by the late Captain J. Captain Mark Weatherford arrived yesterday at Newport News, Va., according to word received in the city this morning by J. K. Weatherford. It is not known how soon Captain Weatherford will return to Albany. Mrs. Weatherford has been at the home of her parents in Ann Arbor, Mich., for several months.

The third man to arrive is Sergeant Arthur McChesney, who landed at Camp Merritt, New York, Saturday. Sgt. McChesney was a member of the old 5th Co., C. A. C. He was transferred to the 66th artillery and later transferred to the 6th trench mortar battery, with which organization he went across and returned. He is about the last member of the old organization to return.

BROWNSVILLE, Apr. 21.—Special.—One of the most successful local institutes held in Linn county was conducted here Saturday. An excellent program of addresses, discussions and exercises was given. County School Superintendent Ida M. Cummings presided.

H. Weber, principal of South Brownsville school, gave an address on "The Teacher and the School." Oscar Williamson, principal of the Madison school, Albany, spoke on "Reconstruction."

The afternoon session was opened with songs by the North Brownsville oratorical club, a recitation by Miss Fay Proebstel and an attractive physical culture drill by pupils of the 6th and 6th grades.

Mrs. Inez V. Freeland, principal of the Shedd school, spoke on "Discipline." Rev. G. H. Young of Albany gave an excellent address, basing his talk on "More Christianity in the Homes." Prof. A. N. French, of the University high school, Eugene, spoke on the responsibility of the pupils in the conduct of a school. A piano solo was given by Miss Ruth Peice and a reading by Lenard Russell.

The next institute will be held at Halsey May 3. Several good speakers have already been secured.

The local banks report encouraging news and prospects and there seems to be little doubt about the county's going over the top. It is more of a question of how soon.

ITALY IS BELIEVED TO HAVE REACHED MORE CONCILIATORY VIEW ON PROBLEM

Postponement of Convoca- tion of Parliament Regard- ed as Indicating Italians More Disposed to Reason

FIUME IS BONE

President Withdraws From 'Big Four' Meeting Which Is Thrashing Out Italy's Claim to Seaport

By Fred S. Ferguson

PARIS, Apr. 21.—Postponement of the convocation of the Italian parliament, announced today in Rome, is regarded here as an indication of a disposition on the part of the Italian peace delegates to assume a more conciliatory attitude in pressing her territorial claims.

It is pointed out that if Orlando had been prepared to issue an ultimatum at today's session of the 'big four,' it would not have been necessary to delay the meeting of parliament.

The 'big four' met to thrash out Italy's territorial claims with President Wilson absent. The President's withdrawal from the meeting is the result of Italy's basing her demands on the Pact of London, consummated before America entered the war, which America regards as nullified along with all other secret treaties.

Wilson will meet the other members of the 'big four' at the conclusion of the morning session.

Yesterday's session brought the conference no nearer a settlement, both sides staunchly maintaining the previous positions—Wilson standing firmly against awarding Fiume to Italy; the Italians holding out for complete possession of that seaport.

The Italian climax was expected today.

CONGRESSMAN GIVES SERMON AT BUTTE

Hon. W. C. Hawley Is Speak- er at Knox Butte Church at Sunday Service

Congressman W. C. Hawley delivered the Easter address yesterday at Knox Butte Union Sunday school. The congressman spoke at length on the subject, "With What Body Do They Come?" He stated that hearing the truth preached by ministers was beneficial to him, yet because no man's exercise makes another man strong, therefore he had for many years made a careful study of the Scriptures himself.

Mr. Hawley spoke of God's purpose that man should rightly use and richly enjoy the earth. He set the brevity of the present life in contrast with that of unending eternity; and observed that practically all attention many people give to their life is placed upon this present, which is so short and swiftly passing. Mr. Hawley testified that no man is saved for the glory world and God, apart from his own personal choice. Referring sadly to the thousands of maimed soldiers and men whose minds were permanently clouded by shell shock and gas during the war, Mr. Hawley said these are 'fractions of men.' "What shall we do with them and with what bodies do they come?" "We will do," said the congressman, "all that we promised to do for such—and more. But in my judgment the best thing we can do for them is to lead them to Jesus."

Mr. Hawley related at length the appearance of Moses and Elijah on the Mount of Transfiguration after an absence from earth of 1500 years or more—and recalled how the Lord Jesus was seen, heard and touched by many after he was raised from the dead; and said those who "come will not be clouded or blind eyes" in that coming.

A big crowd and lots of pep is anticipated.

CANNON OF BENTON

IS ALBANY VISITOR

County School Superintendent Cannon of Benton county was in the city Saturday evening on shipping business. He was sending to Portland the deputy from his office, Miss Georgia Bell White, only daughter of Mr. and Mrs. A. C. White, who joined the matrimonial ranks Saturday and is now Mrs. George Ward Pfouts. Mr. Pfouts is a young businessman of Portland, and Cannon says he is a lucky dog to secure such a prize. It is a pretty good thing for the live wires from Corvallis to get into the Hub City once in awhile and witness how things are being done. Cannon was told that Linn county is going over the top in the Liberty drive sooner than Benton county, but he says, "Not so. Not as long as the editor of the Gazette-Times is on the job as county chairman."

GERMANS EXPECT TO WRECK THE ALLIED PEACE MACHINE AT PARIS IS REPORT

Statements in Berlin Press Plain Evidence of Attitude of Government; May Hold Plebiscite to Decide

REFUSAL IS REPORTED

People Believe Allies Won't Call Germany's Bluff If They Refuse to Sign; Plan Counter Proposals

By Frank J. Taylor

BERLIN, Apr. 21.—The German government is reported to have decided to accept no peace treaty without first learning the terms it contains. Both the cabinet and foreign office are openly defiant, figuring that the allies are in no position to retaliate.

The Prussian peace delegation is going to Paris confidently expecting to wreck the allied peace machine and cast it on the rubbish pile.

This is plainly evident from statements of the Berlin press, as well as the attitude of the foreign office itself.

Some reports circulated are that the government will hold a plebiscite to decide whether the allied terms be accepted.

Oddly enough, the Germans plan now to employ the same tactics that brought America into the war and their consequent defeat. They believe the allies will not call Germany's bluff if her delegates announce their determination not to sign, just as they believed America would not come into the war when Germany refused to abandon subsea warfare.

The new Teutonic republic has entrusted its destinies to a group of diplomats who have not changed one iota from those who directed Germany's policies in the heyday of imperialism. Foreign Minister Brockdorff-Rantau is prepared to interpret Wilson's 14 points in an entirely different light from that of the allies and Wilson regarding Alsace Lorraine, the German colonies, and other disputable questions.

It is reported the Germans plan to tear up the allied peace terms and then make counter peace proposals according to the German ideas, threatening to turn the Bolsheviks loose upon Germany if the allies still stand pat.

The foreign office expects to frighten the allies into believing Germany will pay no indemnities if the Bolsheviks get control of the helm.
