America is proud of them—the whole world is proud of them. They finished their part of the job with a courage and daring best described by Marshal Foch in these words to General Pershing before the battle of the Argonne:

"Your men have the devil's own punch. They will get away with all that. Go to it."

How proud of them are you?

CUT DOWN YOUR FOOD BILL

The cost of food has advanced nearly 200 per cent in the last few years. Every bit of food wasted, either in cooking or in any other manner, affects your purse. Most cooking methods are wasteful—waste through shrinkage of foods or through spoilage because of unreliable heat.

THE ELECTRIC RANGE SAVES AND SERVES

Shrinkage of foods cooked in an electric range is remarkably small—less than by any other method. So scientifically is the electric range constructed that with a minimum of attention you are assured uniform, perfect cooking or baking.

"Men are sure getting wise to tobacco quality," says the tobacconist.

"Any kind of plug used to be good enough for most of them. Nowadays nearly everybody is beginning to learn about the real tobacco satisfaction of genuine Gravely Plug."

Good taste, smaller chew, longer life is what makes Genuine Gravely cost less to chew than ordinary tobacco.

Write to:—GENUINE GRAVELLY DANVILLE, VA. for booklet on chewing plug.
