

Koveralls Keep Kids Kleen

We have just received a complete new stock of these ideal play-clothes. They are practical because they are made in one piece, and can be slipped on and off easily—are loose and comfortable—yet fit and look well.

They are economical because they are inexpensive—easily washed—saves the more expensive clothes. So well made that they are outgrown long before they are worn out.

A NEW SUIT FREE IF THEY RIP.

Sizes 1 to 8 years \$1.50 a suit. High neck long sleeves and Dutch neck elbow sleeves. All fast color materials tastefully trimmed in contrasting colors.

Victor, Columbia, Edison, Pathe, Lyric Emerson, etc. Price \$62.00 \$10.00 down, balance \$1.00 per week. P. M.

Forecasts

IN WEATHER are oftentimes made by your FEET. How often have you heard the expression, My Feet Hurt; There Is Going to Be a Change in the Weather. This way of forecasting the weather may be authentic or it may not be; however, it is not altogether pleasant. Leave the forecasting to the weather man and let McDowell's fit you in a neat yet comfortable shoe.

Monday Will Be Like Sunday

Blue Monday should have no place in your home. You should not be compelled to give up your day to doing or supervising laundry work.

Banish the odors and eliminate the worries of wash day by entrusting your bundles to us. The table and bed linen will last longer, will always be snowy white instead of dark gray and your wearables will not show signs of wear if they are bathed and washed at our plant.

This is really a hospital for sick fabrics. We soak them first in ammonia and refined soda. This takes out all soil and stains. You know that ammonia is the greatest of cleansers and united with soda it is doubly efficient and harmless. It acts like a tonic on the sick fabric, brings back the color to colored goods and freshens and brightens the complexion of the entire wash.

Every dollar you spend with us is returned to you in the added wear of the fabric.

One trial will prove that we can make your linen and wearables look better and time will prove they last longer than when they are rubbed on a scrubboard week after week.

Make the trial now. Three ways to get started—over the phone, through the mail or hello-phonng to our Auto. Do it today.

Sodaville News Notes

SODAVILLE, May 6.—Special.—Miss Nina Snider spent the weekend with her sister, Miss Nellie Morgan of Albany.

Mr. and Mrs. A. F. Hall and Mr. and Mrs. A. H. Frum of Lebanon and Mr. and Mrs. John Doughton of Tennessee were sampling sodawater here yesterday.

H. C. Ames and family spent Sunday with Waterloo friends.

John Linsbrick of this place, who took an active part in helping 'tear the Kaiser' last fall, has just returned from France and is spending a few days with his mother near Portland.

Ella Smith and sister Letitia went to Albany Saturday for a short visit with relatives.

The basket dinner and entertainment at Sodaville school last Friday was well attended, and proved a very enjoyable meeting.

Rev. C. W. Simons of Berlin preached at the Evangelical church Sunday.

Goos to Douglas County—
Dennis Merrill left on the noon train for the tall timber of Douglas county today.

New Blacksmith Shop
Lee Doty today opened a new blacksmith shop in the place formerly occupied by Pete Anderson at Second and Montgomery streets. Mr. Doty has been in the business in Albany for the last 11 years and is well known as a competent workman.

Your Other Brain

Down in the abdominal cavity lies a great "plexus" or network of nerve centres, that has been called the "abdominal-brain." It cannot think. Its functions are to superintend and keep in operation various mechanical processes, such as the proper secretion of moisture by intestinal glands and adequate action of intestinal muscles in the walls of the bowels.

It receives messages from nerves in various regions of the body, but being unable to reason, it often acts blindly, imperfectly, or improperly. It may stop secretion, lessen muscular action—and the result is constipation.

Castor oil, pills, salts, mineral waters, etc., do not reason with the abdominal brain, they force it to temporary action, to unnatural effort, until the bowels move. But this is followed by a sulky attitude or even a "strike" by your other brain, and the constipation is increased not cured.

90% of human illness results from self-poisoning, caused by constipation.

But Nujol acts differently. Nujol is not a drug, does not act like any drug.

Nujol acts mechanically to coax the bowels to move easily and thoroughly at regular intervals.

Nujol supplies necessary moisture to bowel contents, makes it easier for tired intestinal muscles to act, absorbs poisonous matter, overcomes stagnation and by so doing persuades the abdominal brain to act rationally and efficiently. Nujol has no deleterious after effects, forms good habits instead of bad ones, overcomes constipation at any age, under any conditions.

Get a bottle of Nujol from your druggist today and send coupon for free booklet—"Thirty Feet of Danger."

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
