

Notice To Irrigation Water Users

In order to provide the most satisfactory water service to users, irrigation will be permitted on alternate days. The houses with odd numbers, or the houses located on the East and North sides of the street, will irrigate on the odd numbered days of the calendar month; the houses with even numbers, or the houses on the South and West sides of the street, will irrigate on the even numbered days of the calendar month; provided, that when there are 31 days in any calendar month, all water users will be allowed to use water for lawn sprinkling and irrigating purposes on the 31st day thereof, excepting those who have violated the foregoing requirements made in the best interest of all concerned.

Irrigation hours are from 6 a. m. to 10 a. m. and from 5 p. m. to 9 p. m.

MOUNTAIN STATES POWER CO.

Third and Lyon

Keep the little ones healthy and happy. Their tender, sensitive bodies require a cooling, healing, harmless remedy to prepare their stomachs for summer's heat. Hollister's Rocky Mountain Tea is reliable and safe, there but not injurious. 35c. Posbay & Mason, Albany, Oregon.

You have got to clean and clear the bowels thoroughly to have good health after months of indoor life; you would do so now if you could see them as you do your face or hands. Hollister's Rocky Mountain Tea cleans and clears as nothing else. Start tonight.

Fred Dawson's Drug Store, Albany, Oregon.

The Meat of the Cocoanut

IN GOOD ENGLISH this time-honored phrase has meant the REAL SUBSTANTIAL PART of anything, after getting rid of all the useless parts. KAOLA MEAL is the meat of the cocoanut in this sense as well as literally.

KAOLA MEAL

--is the meat of the cocoanut after the cocoanut oil, which is used for edible and other purposes, has been extracted. It is not possible to get all the oil out of the meat of the cocoanut and just enough remains to fit ideal requirements for --

Feeding Cows Pigs, Poultry, Etc.

The latest digestible analysis of Kaola Meal shows the following proportions:

Protein	16.3 per cent
Carbohydrates	63.5 per cent
Fat	7.8 per cent
Ash	5 per cent

It's A Rich Food

It can be used with other feeds containing less nourishment. While advantageous balancing of rations may suggest its use in that manner, it is so wholesome that it may be fed in any quantities with perfect safety and satisfaction.
