### LET US CELEBRATE

Why should there be so much hesitation and delay in framing up a rousing celebration for the fourth of July? Not a mere celebration, but a reception to the soldiers, sailors and marines who offered their lives for us and are now back with us again. At least those who are already back. It is the very least we can do. They offered their lives. Some Linn county lads gave their all. Some came back maimed for life. All gave valuable time and suffered hardships and privations.

There should be some way of showing our collective appreciation of their services. A monster reception to every Linn county man and woman who served would show, in a degree,

this appreciation.

It is really a county affair and the idea of the committee in making it a real county celebration was the right idea. But the county court has not seen fit to appropriate money for this purpose, and it is now up to the people of Albany alone.

Let us dig into our pockets and give as much as we are able. Let us put on the best celebration of Victory and Reception to the men who helped to attain it that we are able. Let us do something, if it is nothing more than a barbeque in Bryant Park and a few firecrackers to remind us that July Fourth was the greatest day in American history.

We fought for Independence for this country in 1776. In 1917-19 we fought for the Independence of the

world. Could a more propitious time be chosen than this year? Never! Let us celebrate.

In Melbourne and Sydney, Australia, the Salvation Army has opened Aged Women's Retreats.

The war department reports that the American army during the war cost the country about \$14,000,000,000. And if we had another such big war to fight, we'd certainly be willing to give just as much for another such army.

### NEBERGALLS PAY \$100 FOR ONE FAT HOG

M. Averhoff of Lebanon R. F. D. 1, sold a Duroc Jersey red hog to the Nebergall Packing Co. for \$100 today. Mr. Averhoff is a breeder of Jersey Red Durocs and finds a ready sale for them. He expresses his appreciation of the Nebergall Packing Co., as he has sold to them for several years and has always found them to be O. K.

### The Danger Point for Batteries

One thing that a good many automobile owners can't understand about batteries is the way they hang on and keep giving service right up to the minute when they refuse to work at all.

"These folks reason," says Mr. H. D. Preston, local Willard Service Sta-

tion Dealer, "that the light ought to get a little weaker and start a little slower until the battery gradually wears out."

"Sometimes a battery acts that way, but another one may keep right on working until it is actually ready to fall to pieces. When the cells are opened up for inspection, the active material is in some cases so broken up that it will not hold together. This may be due either to old age or abuse. Of course, we never open up a battery without the owner's consent, but a battery in this condition could not last a great while and might go out of service at any time on the road."

Most car owners are anxious to know the truth about their batteries and prefer to have a brand new battery when they know their old one is approaching the deadline." —Adv.

**The Finding of Old Glory.**  
When the day came that our revolutionary fathers needed to design a flag for the new nation of their heroic founding, they had but to lift their eyes to the heavens to find the banner of their faith and pride.

In the glowing West, in the burning clouds of a sunset sky—streaming across the wide horizon in alternate bands of flame and mist—they saw the symbol of their own fair dreams, mystic, mighty and baffling.

And as they looked, there came a sudden rending of the fleecy mass by a wind of liberty's own sending, and through the monster rift thus made they then beheld a patch of azure sky set thick with silver stars.

The stars—the stripes—the blue—Old Glory, blazoned in beauty across the wonder of God's great heaven, for all the world to see. It is our flag—God make us worthy of it.—Anne Rankin in Southern Woman's Magazine.

**What the Flag Symbolizes.**  
In 1777, within a few days of one year after the declaration of independence, the congress of the colonies in the confederated states assembled and ordained this glorious national flag and advanced it full high before God and all men as the flag of liberty. It was no holiday flag, gorgeously emblazoned for gayety or vanity. It was a solemn national signal. When that banner first unrolled to the sun, it was the symbol of all those holy truths and purposes which brought together the colonial American congress! The flag means now all that our fathers meant in the Revolutionary war. It means all that the Declaration of Independence means. It means all that the Constitution of our people meant in organizing for justice, for liberty, for happiness.
