

GREAT PICTURE TO BE
AT THE GLOBE THEATRE

"The Heart of Humanity," which is to be presented at the Globe Theatre June 17, 18 and 19 with Dorothy Phillips in the featured role, is an eight-

reel Allen Holubar production which brings to the screen the inspiring story of woman's efforts to alleviate the sufferings of the wounded and orphaned and homeless during the days when France and Belgium were scarred and seared by sword and torch,

and pounded and rocked by great German guns. It depicts the tenderness of the mother-heart in its conflict with the horrors of war. It pays a deserved tribute to womanhood as expressed in the Red Cross nurse. It presents a side of the war which we have been too prone to overlook.

The story of "The Heart of Humanity" was written by Olga Scholl and Allen Holubar, adapted for the screen by Mr. Holubar and produced by him. It deals with the romance of Nanette, the little ward of Father Michael, parish priest of a community in the Canadian Northwest. While the parishioners are celebrating the marriage of Nanette and John, the oldest and bravest of the Widow Patricia's five sons, news comes of the declaration of war by Germany.

John answers the call to the colors and, with three of his brothers, enlists in the Canadian Expeditionary Forces. John's letters to Nanette describe the sufferings endured by French and Belgian so vividly that the mother-heart in Nanette is awakened and she determines to go abroad as a Red Cross nurse.

On the war-torn fields of Flanders the little wife meets her husband but once, after which she is captured by the Germans. They are reunited, however, after a series of thrilling scenes which vividly portray the final halting of the great German drive and then the counter-attack which sent the Prussian hordes fleeing for refuge to their own border.

Through the entire production there runs a thread of keen interest that makes "The Heart of Humanity" the most absorbing love story of the great war as filmed. The cast in support of Miss Phillips includes such well known screen favorites as William Stowch, Pat O'Malley, Robert Anderson, Margaret Mann, Wat Whitteau, George Brainerd, George Hackathorn and Gloria Joy.

TO CROWN YOUTHFUL HEADS

Picturesque is the word best describing the lovely millinery with which this year's debutante is destined to crown her youthful head. Everything in beautiful millinery materials is available for her—ribbons, flowers, braids, lace—and all fabrics in flower-like colors. How effectively they are used may be gathered from the hats pictured here. At the top there is a lovely hat of tulle and piping braid trimmed with a wreath of wheat and field flowers that is like a song of summer. Below it a pretty hat of tulle, with frayed bunnies about the brim, is lovely in marine with a band of bright embroidery in the crown. The last hat is of hair braid overfired with bands of narrow ribbon, joined by stitches of embroidery.

Last Sunday Fred Frady of Peoria caught a salmon measuring 27 inches in length and weighing eight pounds while he was fishing in the river near the old settlement of Peoria. This is an unusually good haul and demonstrates the presence of salmon in this part of the river.

DEPARTMENT ADVISES ON
PLUMBING AND CURTAINS

New Bureau Opens in Y. W. C. A. Overseas Office.

A new department of finance has been organized by the Y. W. C. A. for its work in France. Miss Constance Clark of Pasadena, Cal., is the executive. Miss Clark before her recent coming to France was director of the big Y. W. C. A. Hostess House at Camp Lewis, Washington.

All contracts, leases and rentals for new buildings will be handled by Miss Edith Austin of New York City, an experienced architect and builder, who will work through this newly created section.

Plans for remodeling and decorating rooms, clubs and hostess houses taken over by the Y. W. C. A. will be in the hands of Miss Mary Buchanan, an interior decorator, who comes originally from Scotland, but who has been working in France for the American Y. W. C. A. since the beginning of its war work there.

Which for you? An old age burdened by blindness or feeble sight or one in which you retain your eyesight practically unimpaired? You will not lose the use of your eyes if we attend to them. Often good care and simple glasses in youth or middle age prevent disaster in later life. Consult us in time.

The Same "Shoulders of Strength"

SHOULDERS of Strength as a means of re-inforcement are an age-old principle. The ancient builder used them. Modern engineers employ them to brace big buildings, bridges and the like.

AJAX ROAD KING
MORE TREAD ON THE ROAD

Shoulders of Strength on Ajax tires are those buttress-like supports that brace both sides of the tread. Shoulders of Strength, an exclusive Ajax feature, give the Ajax Road King more strength where strength is needed. They put more tread on the road.

The greatest endorsement of Ajax Tires is the fact that they are 97% Owner's Choice. This great percentage of the Ajax output goes to individual car owners to replace other tires.
