## Overland

## Four Great Records

Only a small part of the story of the unusual performance of the Overland is a matter of record. In the last few weeks, however, from Oklahoma City, Boston, and Los Angeles have come reports of remarkable tests that prove the power, endurance and dependability of Model 90 cars.

Now comes Harrisburg with a new world's record of 702.5 miles a day for 5 1/4 days without motor stop, sealed in high gear. A Model 90 stock car performed this remarkable endurance feat. Let us show you a duplicate of this car.
