Mr. Farmer

We are now selecting our Seed Grain stock for next year from the growing crop.

If you have a choice tract of Barley, Wheat, Oats, Rye, Millet, Speltz or any grain, please phone us. We will call and examine the grain and contract with you for the crop.

We will pay a substantial premium above the price of grain, whatever that price may be at the time you care to make settlement.

Call us up.

I Am Glad

there is a store like this in Albany. —The remark of a man in our store yesterday. This man had quite a family to shoe and with the present prices and the outlook ahead he knew the Self Service Shoe Store was The Store for Him. The store that saves you clerk-hire, the greatest single item of expense in merchandising, that adds no value to the shoe.

Men's stronger-than-the-Law, the famous Star Brand Shoes with the star on the heel, insures you that they are all-leather.

A visible reason why we undersell: Money saved in the buying very often results in the cheapening of the shoe. Cutting the clerk hire in no way affects the value of the shoe.

The Starr Singing Throat
is the heritage of a half-century's musical experience

Buy a phonograph with your ears open and your choice will unquestionably be the Starr

"The Difference is in the Tone"—and Why

\$70 \$150
\$100 \$150
\$125 to
Starr PHONOGRAPHS \$235
"The Difference is in the Tone"

Why YOU will prefer the Starr:

Plays All Records Perfectly
Some sound box diaphragms reproduce high notes well, but are poor for low notes. And vice versa. The Starr reproducer handles all tones equally well, on all makes of records.
Tone Arm of Brass
Short travel and few turns for sounds. Brass least affects sound. Pure, powerful tones, undimmed, undiminished, thus travel onward.
Starr 'Singing Throat'
The laws of tone reproduction fail to vary regardless of the instrument. A half-century's experience in building over 150,000 famous Starr musical instruments has evolved the human-like "Singing Throat" of the Starr Phonograph.

Silver Grain Spruce
Since the day of the clavichord, no more sweetly vibrant wood has revealed itself. So the Starr "Singing Throat" is of Silver Grain Spruce. It is the chosen of music-lovers.
Starr Motor—
Built complete in the great Starr factories. Steady, quiet and trouble-proof. Easily oiled. Plays six or more selections with one winding.
Tone Modifier
At will you may vary the volume—but without muffling the delicate shadings. A volume to fill the largest room—or quickly modulated to suit the smallest space.

In addition—12-inch turntable, speed control, continuous filing space, equipment for playing all records; and cabinet-work of a quality not excelled in \$1,000 pianos. Also many other conveniences and refinements.
Call today or tomorrow and hear any of the eight Starr styles, \$70 to \$335, without obligation. Convenient terms if desired.
