The Fact of the Matter

YOU can see for yourself that the Chandler is the most closely priced fine car in the whole American market. Printer's ink lends itself to the presentation of claims and facts alike. We make it our purpose, in speaking of the Chandler, to deal with facts only.

And this we believe to be the fact, that no other automobile, built so well, built of such good materials, built in such good design, is priced within hundreds of dollars of the Chandler price.

The Chandler motor is truly a great motor. There is none better. Fifty thousand Chandler owners know it. And countless thousands of their friends and neighbors know it. Now in its seventh year of constant development, without radical change of design, it approximates perfection.

The whole Chandler chassis, simple and sturdy, is dependable and enduring. And Chandler bodies, graceful in line, roomy and comfortable, luxuriously upholstered and beautifully finished, are suggestive of the best custom work.

The New Series Touring Car

will delight you and your family. It is big and handsome, seats seven grown persons without crowding, and will take you anywhere in comfort.

The Chandler is fast when you want speed. It is flexible and instantly responsive in crowded traffic. It is powerful on steep grades.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast
fast helps us look and feel
clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations, and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood with the pores in the thirty feet of bowels do.

To the Woman Who "Never Has Any Luck Putting Up Fruit and Berries"

How even a Beginner can be Sure of Perfect Results in Making Jams, Jellies and Preserves

Good home preserving is now easy to accomplish. Even the housewife who "never has any luck" with all sugar preserving can put up fruit perfectly if she will first make her preserving syrup with 1/2 Karo (Red Label) and 1/2 sugar—instead of sugar alone.

By this method you can always have the finest, most delicious jams, good clear jellies, and preserves with a rich, heavy syrup.

Karo is a fine, clear syrup, with a natural affinity for the fruit juices.

It blends the fruit with the sugar, doing away with one of the great difficulties of putting up fruit at home, and just about cutting the work in half.

You can depend on it that fruit put up by this method will never grow tough or "candy" in the glass.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE The experienced housewife as well as the beginner will find unusual interest in the new sixty-eight page Corn Products Cook Book. Beautifully illustrated—and suggestions galore for preserving, etc. It is free—write us today for it.
