SOCIAL

Most interesting and enjoyable in many features was the picnic of Wednesday given by the Ladies' Missionary Society of the United Presbyterian church to the members of the congregation. The afternoon was passed in Bryant Park. Charles Elder, a play director from Chicago, was an interesting home-guest and took a leading part in the day's activities. A cafeteria supper was served, followed by games and diversions.

Prettily arranged on the lawn was the covered-dish dinner of last Saturday evening given by the members of the S. S. S. club at the home of Mrs. M. E. Dowd. Roses adorned the table where places were arranged for the guests. Victrola music was one of the evening's features.

A dance will be given in the arm-

ory this evening by the American Legion. The clever decorations of last week's dance will adorn the hall and Corvallis music will be enjoyed.

Most delightful was the picnic par-

More Like Her

"Whenever I came to town I always come straight to this store, do my trading and go home. Never get into another store. I used to spend half the day looking around, then come back and buy. I found there was no use wasting my time trying to find better values than at the Penney Store."

This remark was made by an out-of-town customer yesterday and there are hundreds more just like her.

BURTON HOLMES TRAVELOGUE

THE HEART

The heart is the most vital organ of the body. Then let us keep it in order. I have seen gigantic trees with bad hearts. Germany was a great Empire, but it had a bad heart. There are many orderly lives that have bad hearts. "By nature the heart is deceitful above all things and desperately wicked; who can know it?" Jeremiah 17:9. "There is none righteous, no not one." Romans 3:10. We are not responsible for this corrupt nature, but we are responsible if we keep it.
