

Rheumachol

FOR RHEUMATISM.

Rheumatism sufferers are restored to the pleasures of life by RHEUMACHOL. Crutches and canes are thrown away, and one plunges again into the joys and recreation of fishing, swimming, outing and athletics without fear of rheumatic pains and aches after using a bottle or two of RHEUMACHOL.

Were RHEUMACHOL made anywhere but in the shadow of the snow-capped Rockies, where Nature has impregnated the waters with radium and other curative minerals it would be only an ordinary rheumatic remedy. But RHEUMACHOL is made in Idaho Springs, Colorado, where thousands of sufferers come yearly for relief.

RHEUMACHOL is carrying these same curative effects to every nook and cranny of the continent at a nominal cost. Scores upon scores of letters from druggists and sufferers alike tell us of phenomenal cures. Frank Strenner, a Boulder, Colorado, druggist, says: "There may be other specifics for cold, lumbago and rheumatism, but I recommend and sell more RHEUMACHOL than any other. No one has expressed anything but highest approval for RHEUMACHOL."

RHEUMACHOL is a blend of science and nature, which rejects acid poisons causing rheumatism. It replaces afflicted nerves and joints with purified tissues. Thousands upon thousands of bottles have been sold under the makers' money-back guarantee, and not one dissatisfied claim has ever been made.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

"Some Saving!" says the Good Judge

You men are saving every cent you can. You ought to know that this quality tobacco costs less to chew—not more!

You take a smaller chew. It gives you the good tobacco taste. It lasts and lasts. You don't need a fresh chew so often.

Oakville Items

Mrs. F. B. Brooks in enjoying a visit with her mother Mrs. Philbert of Iowa.

H. Machtendorf has sold his farm to Mr. De Marr of Corvallis. General regret is expressed at losing the Machtendorf family from this community.

Ralph Brown arrived home on Thursday evening after two years in France. He is the second Oakville boy to return from service abroad. Isaac Barker returned a few weeks ago from Siberia. Both boys are well and ready to take an active part in civilian duties.

Mrs. Wright and son, Paul of Canton, China left Friday for Kansas where they expect to join Mr. Wright and make their home for a year before returning to China. They have been visiting in the home of Elmer Hamilton for several weeks. They were accompanied to Kansas by Mrs. Greenleaf, who has been with her daughter Mrs. Hamilton for six years.

The Christian Endeavor gave an ice cream social at the home of Rev. G. G. Wilson on Thursday evening. The yard was prettily decorated but the cold weather drove most of the merry-makers inside where they spent a pleasant evening regardless of the weather.

S. S. Gossman and family of Chittwood are guests at the home of Lawrence Eagy.

HOP PICKERS WANTED IN THE MITOMA YARD

About 34 miles northeast of Independence, Oregon. We have 114 acres of the very best hops in Oregon and will pay 60¢ per box, nice clean camp grounds and good water. We will furnish tents to those who have none, wags, benches and tables, straw for bedding. There will be a store on the grounds where goods can be purchased as cheap as in your city.

If you wish to register do so at once. Address Durbin & Cornoyer, Salem, Oregon.

Don't let your children suffer. If they are fretful, peevish, puny or cross, give them Hollister's Rocky Mountain Tea—a harmless but safe laxative for children. 35¢. Foshay & Mason, Albany, Oregon.

Constipation upsets the entire system—causing serious illnesses to the human family. Don't worry—Hollister's Rocky Mountain Tea will drive out constipation, regulate the bowels, tone the stomach, purify, cleanse. Without fail give it a thorough trial. 35¢. Foshay & Mason's, Albany, Oregon.

Attended Funeral—Dr. M. W. McKinney of Seattle and Lester McKinney of Willamina passed through the city yesterday from Brownsville where they had been to attend the funeral of their father.

NON-PARTISANS TO OPEN STATE BANK

Horticulturalists' Meeting in Astoria of Interest to Valley

FARGO, N. D., Aug. 5.—By Associated Press.—The industrial program of the National Nonpartisan League, which was endorsed by the voters of North Dakota at a special referendum election on June 26, is being put into operation.

The bank of North Dakota, in which all state, county and municipal funds are to be deposited, is in operation but is not yet ready to make loans and handle deposits on a big scale.

The bank now employs 20 persons with an annual payroll of \$50,000. The bank's resources will be more than \$31,000,000. Public funds totaling \$21,000,000 have been reported and there are state bonds of \$10,000,000. Only about \$10,000 worth of bank bonds have been sold in the state, but bank officials explain this by saying investors held off pending the outcome of the referendum. The bank plans to sell \$500,000 worth of bonds.

When the institution is in full operation a statement similar to those from the federal reserve banks will be issued monthly, outlining conditions over the state. J. R. Waters, formerly state bank examiner, is head of the bank, and F. W. Cathro, for 30 years a North Dakota banker, is director-general.

The bank will provide funds for carrying out the industrial program, and an industrial commission will control the state-owned industries to be established.

The Home Building association, which will provide funds for persons desiring to build homes, is expected to be in operation soon. The Mill and Elevator association, in charge of the league's wheat marketing and distributing system, has been inspecting mills and elevators with a view to purchasing two or three to start the experiment. The state is not expected to start an extensive building program for several months.

Those directing the work express confidence that every phase of the program will meet with success, despite opposition, which they say is being offered by league opponents.

ADVERTISEMENT FOR BIDS

Notice is hereby given that bids will be received for the removal of all buildings belonging to the City of Albany on Second street between Ferry and Broadalbin streets excepting the City Jail.

Bids will be received up to and until 5 o'clock P. M. of August 13th, 1919.

Address all bids to L. G. Lewelling, City Recorder, Albany, Oregon.
L. G. LEWELLING,
City Recorder.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ash, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and stomach-like poisons are formed and sucked into the blood.

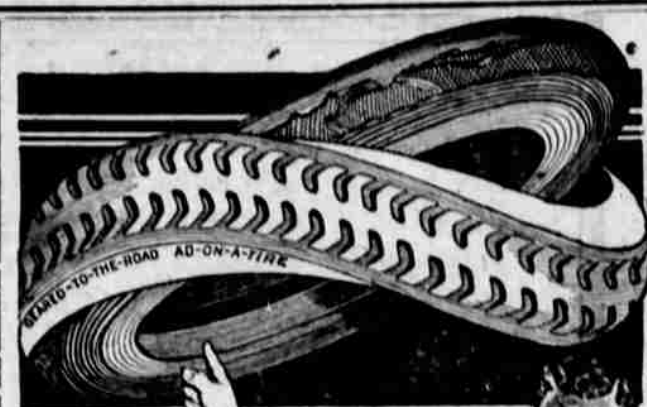

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanse, sweeten and freshen the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

New Tires From Old

Discarding tires because the tread is worn usually means losing 75 per cent of the original investment.

With Miller Ad-On-A-Tires they can be rejuvenated—made almost as good as new—and oversize. Your tires will then deliver 100 per cent value on your investment.

The Miller Ad-On-A-Tire is built of several layers of fabric—breaker strip sidewalls, and famous Geared-to-the-Road tread. It is really a tire in itself without beads. It is tough, long-wearing and buoyant. Bring us your worn tires. We will re-mile them with the famous Miller Ad-On-A-Tire. The many caterpillar feet engage the ground like cogs, insuring positive traction and safety.

Our process makes the Miller Ad-On-A-Tire an integral part of your old tire. After it is applied you cannot tell the old tire from a new. It can be used on any tire regardless of make. Come in and see this wonderful tire saver.
